Don Hill (D)
Sheila (S)

1 S: Hello
2 D: Hey baby, what's up.
3 S: Hey sweetheart, you tell me.
4 D: You know what, I stayed too darn long working through D'Angelo's issues with us kind of
5 talking a little loud at one another in a friendly way trying to work through stuff that I
6 was late for the retirement party then I found out the retirement party is obviously put on
7 my schedule wrong because it's not tonight it's tomorrow night so I just left there and
8 I'm on my way to you baby. You know we done paved this road over here at
9 Southerland's, was it paved when we looked at it? You know what, Peter ____ has some
10 great years of Dallas honey, great years, great years, just flat great.
11 S: Yeah.
12 D: Once ____ try to do this a good deal, he's trying to top as much land as he can, even if it's
13 just for a little while.
14 S: Yeah, that's what we talked about yesterday. I told him it's time to get more than one project
15 on the table.
16 D: Well he's doing it.
17 S: It doesn't make sense to have just one project, you need to have 10 projects you're working on
18 simultaneously and when one close you replace it with another one and we need to move
19 while we're in the momentum, while we're in this movement, the momentum is working
20 in our favor and we need to move with it.
21 D: That's right, you're right babe.
22 S: ____ sitting and waiting on it to move for us and we're just walking it and that is what I got
23 from my meditation but I was waiting til we had a chance... you and I had a chance to
24 talk about that but sometimes I just tend to hit with you and I don't have a chance to tell
25 you all that came out of my meditation. But uh, so I caught myself saving it, saving it.
26 Anyway I'm pulling in the garage and I'm sure we're going to cut off.
27 D: Okay. [garbled]
28 S: I'm sorry.
29 D: You want me to bring you anything to eat? Do we have anything to eat.
30 S: Well, it doesn't matter, I just dropped Shirika off so she's with Asia so...
31 D: With who.
32 S: Asia.
33 D: [garbled]
34 S: I can't understand you.
