NEWS FROM WELLS FARGO

Check 21 (Check Clearing for the 21st Century Act) is a federal law taking effect October 28, 2004. The new law provides for the use of image technology by financial institutions to enhance the nation's check clearing process by allowing the creation of substitute checks, which are a paper copy and legal equivalent of an original check. A substitute check must be accepted when presented by another financial institution. Few changes will occur with your account except if a substitute check is processed in lieu of an original check, it may not be returned in your statement. The same as you do today, if you ever need a copy of an individual check, you may request one by calling your banker or the National Business Banking Center at 1-800-225-5935.

Visit wellsfargo.com/biz/Check21FAQ for more details about Check 21.

NEWS FROM WELLS FARGO

Effective April 1, 2005, ATM Point-of-Sale Purchases outside the U.S. will be charged a Foreign Currency Conversion Fee of 3% of the Network Transaction Amount. Transactions at International non-Wells Fargo ATMs will be $5 each. Also, ATM transactions and POS purchases outside the U.S. which are converted to U.S. dollars by the network will use either a rate selected by the network from the range of rates available in wholesale currency markets for the applicable central processing date, which rate may vary from the rate the network itself receives, or the government-mandated rate in effect for the applicable central processing date. In some instances, the merchant of a POS purchase outside the U.S. may convert the POS purchase to U.S. dollars using the currency conversion rate determined by the merchant.

Also, beginning *April 1, 2005, the Legal Process Fee will be $75 each.

For questions, please contact your Wells Fargo banker or call 1-800-225-5935. We appreciate your business & look forward to continuing to serve your financial needs.

* Effective June 1, 2005, for quarterly savings accounts.

FOR YOUR INTEREST

Looking for smart tax payment strategies?

Using home equity financing is a smart solution to cover tax payments and other major expenses. And the interest you pay is potentially tax-deductible (contact your tax advisor). That can make a big difference at tax time this year and beyond. It's another way to leverage one of your greatest assets - your home.
