~~To Whom It May Concern~~

Dear Sir or Madame:

As a member of this business community I feel compelled to contact you regarding our mutual problem. We encounter the despirity of homelessness face to face on a daily basis. As productive citizen in this society, and ~~for~~ as per me a ~~God fearing~~ soldier for Christ Jesus, I can not longer sit idley by and ~~watch~~ ~~not~~ watch humanity fall deeper and deeper into ~~a trap~~ the trap of Homelessness.

Please help me, to help them help themselves. I can't do this alone. Together, we can rid our community ~~of~~ of this terrible eyesore. Realistically we can't elimenate it, ~~but~~ but and yet we can reduce this daily eyesore ~~greatly~~ enormously.

The Ways of Hearing from God

1.) God directs us by the desires of our heart (When He knows that we won't hear Him for other reasons.
2.) Dreams / Visions
3.) The Word of God (Bible)
4.) A mature Christian
5.) Audible Voice
6.) Still small voice
7.) through prophecy / spiritual gifts

The Ways of Being Hindered from Hearing from God

Whatever you're trained to hear (wrong teaching in church & the world)

1.) Wrong teaching
2.) " (influences
3.) Unwillingness to hear God's voice from fear of not wanting to do what God is telling you to do
4.) Being more concerned with the opinion of the world than God's opinion

" Sometimes we're so concerned of the opinions of the world; We read different books, watch different programs, rely on our intelligence, or wrong teaching in our churches, and God won't speak to us because He knows that we will talk ourselves out of what God is trying

to do
to feel us. We should not operate out of intellect but out of the Spirit of God.

4.) Not stepping outside of the normal influences. Continuing to do what we have always done in order to not disturb what we are accustomed to doing.

5.) Flagrant sin

6.) Lack of spirituality

To Whom it May Concern:

Homelessness in our society must be addressed every major city has devised a plan to address this matter. ~~~~ Upon visiting with the founders and reviewing the packet on their concept, I'm convinced that this is a concept worth exploring. ~~~~ intend to do everything that I can do personally to support this cause.

Yours Truly,

The one-on-one counselling combined with sensitivity to a variety of problems and stresses presented by our homeless population as well as appropriate H.U.D. programs offered by service providers.
