Mr. Haitham MAGHAWRI
Executive Director
Holyland Foundation/Richardson/TX-USA

Dear Mr. Maghawri

Holyland Foundation's great humanitarian operation in Turkey continues.

People in the earthquake hit area are very grateful with your help hand and pray Allah for your success here and worldwide.

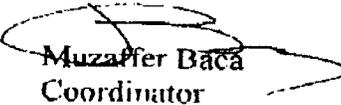

State authorities and local officials always help us to promote your operation and do our job easier.

Your x-ray machines and medical supplies provide a great opportunity to the permanent and mobile hospitals in Adapazarı, İzmit, Yalova and Gölcük areas to treat patients easily and more safely.

These times are very difficult times for Turkey and Turkish people.

According to a Turkish proverb (You can identify your real friends when you are in difficulties). You are our real friends and we the Turks won't forget your contributions to heal our wounds the earthquake caused.

Sincerely

Muzaffer Bâca
Coordinator
