Peace and Allah's mercy and blessings be on you

O the dear brother you are thanked for your advice and your reiteration of the question once again about my desire in going forward towards this path for thank Allah I relied on Him I truly will go in this path sooner or later and thank Allah this already was facilitated for me with you and thank

Allah I am happy and proud to truly be a hand of your hands

And this is my decision I ask [UI] you to accept me a brother with you for our path is one

So how do you like me to think about this and [UI] the Muslims in every place in the world are oppressed and it is the End of Time and by Allah as our beloved Messenger Allah's blessing and peace be upon Him said it is imminent that nations will invite each other against you as eaters invite each other to their large bowl it was said O Messenger of Allah is it because we are few?

He said no and but you are scum as the scum of the flood fear will be removed from your enemy's heart and weakness will be put in your hearts they said O Messenger of Allah and what is weakness? He said love of the world and fear of death

The beloved Messenger has spoken the truth

And I am truly here not to express the love of death and but if martyrdom was destined for me while I am in this road of mine so welcome to the great reward

.....  
And by Allah if I am in the battlefield and there are twenty soldiers for me alone they will not shake a hair from my body and let my fighting in their midst be as a hundred men and I am one because we trust that Allah is with us and gardens beneath which rivers flow to abide in them forever if we were martyred praise Allah first the joy in the winning and the victory and our numbers are less and our weapons are not equal or the joy in the paradise and the winning in the afterlife and thank Allah we are Muslims

.....  
I am truly Allah willing on this course until the Day of Judgement until we expel the Jews from the lands of Palestine and my expelling of every apostate Christian or Jew from the land of the Arabs for they are all one enemy they do not know Allah the One the Only polytheistic of Allah be He exalted they love the disbelief and the worldly life and the atonement [*sic*] and the murdering of the pure soul which Allah forbade

.....

.....  
So I will never stop until the moment of my martyrdom or a command from Allah be He exalted Allah willing and I truly by Allah love if I be I be in your ranks fighting with you in our streets and our lands in defense of our holies and our lands and our religion and our children and our women and every weak one against this international American Zionist alliance

.....  
For they are all tyrant [sic] awaiting the emergence of the one-eyed imposter for they are perishing they and who are with them until the return of Isa son of Marium Allah's blessing and peace be upon Him

.....  
I am truly Allah willing now in their very home so I will not leave their home before striking them inside it and outside of it Allah willing  
And we even were discussing about exiting for the departure or after the strikes and but I am not afraid so I prefer to be disguised in their midst using their way better than hiding from them  
Illusion is better than the hiding  
And but my circumstances are still suspended for I do not own a method of transportation and the transportation here is very difficult if you do not own your personal means and but I promise that it is a matter of time and as you said to me previously the planning and the patience and thank Allah

So I will not lie to you I am not able to move for the search inside the sites now  
And but [UI] there are many strategic sites and the sites which we saw and but I am not able to search in them because of the circumstances at the current time  
So if you do not object to the matter of time until I see what I can do Allah willing if I can obtain a method of transportation soon I will inform you of all the updates  
And but if you insist that we go from here also so I truly do not object and but it will be difficult somewhat and turmoil at the same time and the disguised movement and the alibi  
If you understood what I mean so Allah willing when the operation takes place it will be a complete operation that has no traces even that I will have the alibi and it all is in need of the good and the complete planning and the patience until they and their intelligence perish in the search to no avail and this means that we defeated them economically and we shook the infrastructure and planted the horror in their hearts for we will truly be free among them and we defeated them mentally and practically and we are still alive to another appointed time

So if you understood what I mean  
My beloved brother and I truly long to be with you another time  
So tell me what you want and advise me  
Allah bless you  
I have a greeting to the brothers who are with you  
The success to you all [UI] let the Merciful protect you my brothers  
There is no god but Allah Muhammad is Allah's Messenger  
Peace and Allah's mercy and blessings be on you
