[Beginning of recording]

[Noise]

[Pause for around two minutes]

UCE: *Hot.* [Shouting]

SUB: [UI]

[Laughing]

UCE: What is your news?

SUB: Good, thank Allah.

UCE: Is everything going well?

SUB: [UI]

UCE: Please go in, [UI].

SUB: You came to the same place, yeah?

UCE: The same place, it is good [noise] [OV] but I did not find, er--

SUB: It is better for you to come to my place, and that is it, I mean.

UCE: I swear by Allah Almighty that I like to come to your place, but I thought that here is also good. [Addresses UF:] *Hello.*

UF: *Hi.*

UCE: [UI] I did not find *smoking* also, except for the [UI].

[Noise - talking in the background]

SUB: No, by Allah, I quit smoking--

[Noise - background]

UCE: The best thing. [OV] [UI]

SUB: --it has been a month.

UCE: The best thing. You are a thousand times better than me.

SUB: *Yeah*, thank Allah [UI]--

UCE: [UI], I do not smoke a lot, I mean, may be.... What is your news, sir?

SUB: By Allah, thank Allah--

[OV] [UI]

UCE: You look, er, good.

[OV]

SUB: We reached the end... I mean.

UCE: You look nice and good like this.

SUB: May Allah keep you. But these think that I am an American , or Mexican--

[OV]

UCE: Because it is a benefit that you be a Mexican over here, dear.

SUB: There is no shame.

UCE: Yeah, this way you are Mexican--Mexican.

SUB: Sometimes, they speak Spanish to me.

UCE: Yes.

[Noise]

SUB: They think that I am Mexican.

UCE: Yes, sir, sure.

SUB: I tell them, "*I don't speak Espanole.*"

UCE: Sit down--sit down--sit down over here.

SUB: It is good that I am not one of them.

UCE: What is your news? Sit down--sit down [UI]. Yeah, sir, you are Mexican, Mexican, yeah, without a doubt.

[OV]

SUB: A full Mexican. [Laughs]

UCE: From where did you get this belt, sir?

SUB: What is that?

UCE: This belt, from where is it?

SUB: This is from, from the area over there, by Allah,...from the, er, the [UI] *gas station* [UI].

UCE: Yes, like that...it is just good like that. What is your news? What is going on with you?

SUB: By Allah, thank Allah, we thank Allah.

UCE: Thank Allah.... Your father and everybody, how are they doing? Is everything going well?

SUB: They are all doing good.

UCE: Thank Allah.... Your brother...is everything going well in, er, *San Francisco*?

SUB: *San Francisco*...I mean he is doing well with his studies--

UCE: That is good--that is good.

SUB: --little by little.

UCE: How is work going?

SUB: By Allah, a little bit of tiredness; I finished at five in the morning...

[OV]

UCE: But why didn't you tell me then, I could have met--

SUB: It is not a problem, no--

UCE: --I could have...I could have...if you have told me.... Why did you stay that long?

SUB: What?

UCE: Why did you stay till five in the morning?

SUB: They changed, like you say, the *shift*; one female who is, er, like sick or something happened to her--

UCE: Yeah.

SUB: --an emergency. They made me work at night--

UCE: From what time to what time did you work?

SUB: Er, I worked from, I mean, nine o'clock till five o'clock in the morning. I went to sleep at nine o'clock...I woke up at eight thirty or such--

UCE: You could have told me then, [OV] I would have, er, met you. I mean it is not a problem, sir.

SUB: [UI] because I took the day *off* today, I mean.

UCE: You took the day *off* today, then that is good--good--good.

SUB: It came as a coincidence, I mean [UI].

UCE: Would you take tea with me? You know how I am with tea.

SUB: I will take a cup of tea, good.

UCE: What is this?

SUB: By Allah I wanted to ask you to come to my place, and, er--

UCE: By Allah, for your information, I mean--

[Noise]

SUB: We do not have to be in a hotel or anything [UI]--

[Noise]

UCE: --it is not a problem, sir, no problem at all. You know it is just because of the--

SUB: *Yeah*, but I, like you say, I changed the, er, the place, where I live.

UCE: What did you change?

SUB: Eh, at the same place--

UCE: Yeah.

SUB: --but in another apartment, but in another one--

[OV]

UCE: Do you mean that you left the place where you were last time, where I was with you?

SUB: *Yeah*, in the same--in the same location but, er, I mean like you say, a different one--

UCE: *Yeah*.

SUB: --like a *corner* by itself...alone in a *corner*.

UCE: Why did you do that? I mean, is it better--? Are there people who are giving you trouble, or what?

[Noise]

SUB: Er, like you say, er, it is in a quiet location; there is no movement, there are not many apartments around it, [noise] it is in a corner by itself.

UCE: By Allah, this is the best thing...so does it mean that you moved and transferred all your stuff and everything?

SUB: Yes, thank Allah.

UCE: Eh, tell me what other news do you have while I am doing the, er, this tea.

SUB: Work is going well, but the papers are not.

UCE: What papers?

SUB: Er, the lawyer is taking time... he is taking a long time.

UCE: What is the lawyer doing?

[Noise]

SUB: Like you say, he is giving me too much hard time--

[Noise]

UCE: [Sigh]

SUB: --when I call him, he tells me, "Next week--next week."

UCE: These people are.... You know that all the lawyers are the same.

SUB: I tell him, "So, give me the *receipt number*...I want to know what is going on with my case...where it stands."

UCE: Yeah.

SUB: He told me, "There is not, er--"

UCE: I will then tell you--

SUB: "--anything else to say."

UCE: I know that you want to get the papers and so forth, and I know that they are important to you--

SUB: Correct.

UCE: --are you paying attention? But I want to tell you something: now nobody...I mean nobody knows where you are, but right ?

SUB: Hmm.

UCE: --so this, as far as we are concerned, might even be better now--

SUB: Correct.

UCE: --I mean I know that you want to do the, er.... You are still m-married to the, er--

SUB: *Yeah*, she is now sick in the hospital, I mean, [UI]--

[OV]

UCE: Why, what for?

SUB: Yeah because [UI]--

UCE: Yeah, to give birth.

SUB: Allah knows better--

UCE: Is she giving birth to a boy or a girl?

SUB: --yes, er...a girl, but, er, like you say, she was with a Mexican guy and with a Black guy before him--

UCE: Yeah.

SUB: --so it is not known if the baby is going to be Black or Mexican.

UCE: Do you mean that she does not know?

SUB: She does not know. [Laughs]

UCE: How terrible.

SUB: [UI]

UCE: But this, er, this is a problem [noise]. Let me ask you: do you want to take tea or not?

SUB: By Allah--

[OV]

UCE: Do you want to take tea? Let me get you some, wait, stay here. [Noise] Stay with me for a few seconds.

SUB: Do not trouble yourself.

UCE: I know--I know--I know. [Noise] They did not bring but one *tea bag*, but we will make it for two, it is not a problem. Ah!

SUB: Here, it is not a problem.

UCE: But I am telling you, do not worry about the lawyer...I mean, er, this lawyer's deal...I know that it is, er--

SUB: But I mean, the problem is getting complicated.

UCE: But I will tell you something, nobody now.... I mean that you are now--

SUB: Better.

UCE: --I mean even the, er, the *Immigration*, they do not know...do they know where you live?

SUB: Not at all.

UCE: Do they know where you are, in which State?

SUB: Not at all.

UCE: For your information, this is very good. This is very good, eh...tell me what is new. Tell me something good.

SUB: The new...er--

UCE: --tell me something, a *good story*.

SUB: *Good story*.... I want to tell you something that happened to me, that--

UCE: What is it?

SUB: During the storm.... Er, do you remember the last storm that hit *Texas*?

UCE: Yeah.

SUB: Er, I was sleeping in the *dome*, my brother...yeah, in the place where I live--

UCE: Yeah.

SUB: So, it was.... I stayed awake till around two o'clock at night; so, I was, er, preparing food--

UCE: Uh-huh.

SUB: --in order to eat. I ate, thank Allah, I finished and was going to sleep...the electricity went out--

UCE: Oh, that is not a problem, but your *dome*, I mean, er...

SUB: Yeah.

UCE: *Alright*, I am with you.

SUB: What I wanted to tell you, er...there is something inside, my brother--

UCE: What do you mean, there is something inside?

SUB: There is something that moves inside.

UCE: Where?

SUB: In the, er, place where I live.

[Noise - beeping]

UCE: You are talking, [OV] I mean, like, er...

SUB: I s- I s- I seek refuge in Allah, it is like something, I mean something like a demon or a devil, or.... I seek refuge in Allah.

UCE: Are you talking seriously or, er?

SUB: By Allah Almighty. [Noise] I mean there is red...something red walking around the, er... [Noise] I wanted...I wanted to pick up the telephone so I can light it up.... I normally sleep in the dark--

UCE: Yeah.

[Noise]

SUB: --[UI] so, I wanted to pick up the telephone in order to light it up so I can see what that was, there was...I seek refuge in Allah from the cursed devil, it tied my hands.

UCE: Are you talking seriously? I mean--

SUB: I mean, by Allah Almighty...I mean, I was frightened, I thought--

UCE: I mean...wait--wait a little bit, let me get the.... hear the, er, the story from the beginning. I mean, are you telling me that you had, er, there was a storm here and the, er, and the light--

SUB: --the light went out.

UCE: The light went out, okay.

[Noise]

SUB: I finished eating. [OV]

[Noise]

UCE: So you.... At two o'clock in the morning.

SUB: Around two o'clock in the morning, I had just arrived from *Wal-Mart* with a friend of mine; we were buying some stuff--

UCE: There are no spoons or anything at all, I put two sugars for you. If you want, just stir it with, er--

SUB: [UI] fine.

UCE: --with the [UI]

SUB: May Allah keep you.

UCE: It is light because there is only one *bag*.... And after that do you mean to tell me that there was a demon in the house--?

SUB: Allah knows best-

UCE: --and, I mean--

SUB: --I seek refuge in Allah, I mean it was something--

UCE: --and then what else happened?

SUB: What happened, my dear sir, is that I wanted, er, I jumped out of bed, I mean, I was scared, you know?

UCE: Yeah, and you saw something moving?

SUB: Yes.

UCE: Something red color?

SUB: Something like red, so it grabbed my hands, I mean my hands were tied. I could not move them--

UCE: Yeah.

SUB: --they were tied like this, on my chest. And I said.... I wanted to say, "I seek refuge in Allah from the cursed devil."

UCE: Yeah.

SUB: --my tongue got stuck, it was tied...so, er, I wanted to jump out of bed, to get out--

UCE: Yeah, go out--

SUB: --I am telling you, there was something there [UI]--

[OV]

UCE: Of course.

SUB: --my whole body was stuck, as if something held me, got hold of me and held me to the bed. So, I know that, I mean, it is something abnormal, you know...something--

UCE: Of course, yeah.

SUB: --I mean something [UI]. I tried to recite the Qur'an, but I could not; it was like something grabbed my mouth to prevent me from reciting the Qur'an loudly--

UCE: This is the devil, how terrible! What happened then?

SUB: --so, my dear sir, I kept trying--trying and thought that I only have to recite the Qur'an in my heart--

UCE: Qur'an what?

SUB: I started to recite the Qur'an in my heart--

UCE: Yeah.

SUB: --so, I tried one more time to say, "I seek refuge in Allah from the cursed devil..." with my tongue--

UCE: Yeah.

SUB: --I said it lightly...lightly...like you say, I said it with a heavy tongue--

UCE: Yeah.

SUB: --so, I tried once again to recite loudly, "I seek refuge in Allah from the cursed devil..." and something jumped away from my side, where the smoke was coming out. I saw something like sshooww [a voice demonstration], like a flash of light--

UCE: And it went out.

SUB: --and it went out, it was gone. Thank Allah, there was nothing there, and nothing happened, I found black smoke, I was reciting Qur'an in a loud voice, of course--

UCE: Yeah.

SUB: --and I found black smoke where the light was--

UCE: When did this happen?

SUB: I mean, it has been about three weeks, er, or two weeks.

UCE: Is this why you changed the place?

SUB: By Allah it is not because of this--

UCE: [Laughs]

SUB: --that I changed the place. My place was a little..., I mean, also I did not like it--

UCE: Yeah.

SUB: There were people around whom I did not feel comfortable with.

UCE: If you need a spoon, here is one...let me put some sugar for you, but I do not know...this is the only thing available, something, my brother, I pay here.... There is no god but Allah. This demon--

SUB: How is [UI]?

UCE: Thank Allah--thank Allah [noise - beep] er, er--

SUB: Yeah.

UCE: --many things often happen.

SUB: I was thinking--

UCE: Yeah.

SUB: I have a new idea.

UCE: Tell me.

SUB: Uh, an idea occurred to me...may be the *credit card* companies in America, the biggest companies--

UCE: Um-hum.

SUB: --are like those ones that drive the economy--

UCE: Yeah.

SUB: --and I expect them, I mean, to be targets.

UCE: But what do you want to do with the *credit card*?

SUB: The companies...the *credit card company* [sic], if--

UCE: Give me...I mean I need an example?

SUB: I mean, like you would say, targeting the buildings that belong to the them...
[Noise]

UCE: Which *credit cards*, er, buildings?

SUB: Er, *American Express*--

UCE: Is there any in *Dallas*?

SUB: Er, I am trying to research this, over here.

UCE: By Allah, this is an idea, er--

SUB: I mean that the *credit card* is what drives America.

UCE: Yes, of course--of course.

SUB: I mean if one of a big *credit card* companies is attacked...the main location, which handles the *process* for the region--

UCE: And it does not have to be the--the main one.

SUB: --it will cause damage...I do not mean the main one, what I mean is--

UCE: Yeah, I know.

SUB: --the main one for *Dallas*, in the *Texas* region.

UCE: Yeah.

SUB: --I mean the biggest...now, for example, there is, like you say *American Express*, right?--

UCE: Um-hum.

SUB: --or *Visa*--

UCE: For example...

SUB: --now, er, you may say, for example, that there are loc...er, there are branches--

UCE: Of course.

SUB: --the main location, which is the...you may say the *management*...the *administration*--

UCE: Um-hum.

SUB: --it will be the one that handles the *process* and the *computer*, and--

UCE: Okay, yeah.

SUB: --and the...all the money, the *millions, in the field*, in the main location. Eh, praise Allah that this idea occurred to me.

UCE: But how would you do it? How, er.... And I will tell you why [OV], but tell me--tell me, er, give me your idea, tell me.

SUB: I mean--I mean--I mean if we have preparations--

UCE: Um-hum

SUB: --for example, er, timed explosives--

UCE: Um-hum.

SUB: --or remote detonation--

UCE: Okay.

SUB: --we will take it inside the building.

UCE: Yeah.

SUB: --and with Allah's permission, I mean--

UCE: It is a good idea--
[OV]

SUB: --it will be a strike to the economy--

UCE: [UI] This is a very good idea--
[OV]

SUB: --specifically the economy [UI]

UCE: --er, but I am thinking now.... These buildings, it is a good idea, but I am thinking now...

SUB: [UI]

UCE: --to be able to enter those buildings in the first place--

SUB: *Security.*

UCE: --it will have, er, the *security* in it will be very tight.

SUB: Yes...and that is why--

UCE: --that is why--

SUB: --we will have a clever idea, for instance...you may say that if we have- for instance, let me tell you that I am going to do the operation--

UCE: For instance...

SUB: --for example, I have a car...this car will be the bomb...but there will be a *routine* before this car. For example, I would have entered the building prior to that--

UCE: Um-hum.

SUB: --to see how the *security* is, how they search, what--what type of *security* that, er, I mean that they carry out when you enter the building--

UCE: Um-hum.

SUB: --if you want to park the car. The *parking lot always* located at the--at the rear of the building--

UCE: Hmm.

SUB: --correct? So if a bomb is planted, for instance, in the car, timed or to detonate remotely, and the car is entered to the *parking*, er...of course not to take time, I mean the time should be short just in case there is a patrol looking for cars, cars that have been parked for a long time...that there will be no suspicion or--

UCE: [UI]

SUB: --a very fast operation, smart, and decisive.

UCE: --so, you get in with me and we put our trust in Allah.

SUB: We put our trust in Allah and we go--

UCE: So I am telling you, er, this is a good idea.

SUB: It will really shake the American economy, I mean, in an unusual way because, for instance, the economic situation is currently unstable now--

UCE: And I am thinking now...we cannot get it in, inside the building itself.

SUB: Possible, because, er, we are just going there to get a credit card...or to draw--

[OV]

UCE: And it does not have to be the--the--the--the--the main building.

[OV]

SUB: It does not have to be in the first time, it does not have to be--

UCE: The main building, yeah.

[OV]

SUB: --the main, it should be an affiliated building.

UCE: I am telling you, there are many things that are...just like the things you are talking about. I mean we will need you, therefore, er, after this thing is over, you have to be with me. We will go to another place. You have to be ready, to have the suitcase with you and everything, because you will be in a totally different place...possibly in another state--

SUB: Right.

UCE: --are you paying attention? Er--

SUB: Therefore I, I am trying to finish my papers, because if anything happens I do not return here--

UCE: It does not make a difference, do not--do not worry about the papers, do not worry.... I know that your papers are important, but I am telling you: now they do not know where you are, where you live and so forth. You might live here, er, for twenty more years in the- and nobody will know. Look at the- the Mexicans and the- and you, I mean, if you speak Spanish, then, that is it.

[OV]

SUB: I will change--I will change my appearance--

UCE: Er...

[OV]

SUB: --so that nobody will notice me.

UCE: Er.... It is a good idea, and er, what else is here? In D-Dallas?

SUB: Until now, I didn't do any research, until I consult with you, but if you want us to do something here in Dallas?

UCE: I--I want to tell you, I mean...and this is very important. It is a good idea, but this will be, I mean, er, this for you I mean will be...and I am telling you so that you know: this will be the first test for you...are you paying attention? I mean that we need you for other things, and afterwards, as soon as we finish this one, Allah willing and by the will of Allah, you will come to meet, you will come to meet other people, in other places. I wanted to tell you, I mean, do you understand me--?

SUB: [UI]

UCE: --so this thing, like this one, is a test to see what you can do. This is like a test and we will see what happens afterwards, er, and then things are going to happen, they will be more important and bigger, but this is a good idea. But I see that, if it is possible to enter, it does not have to be the main building--

SUB: It does not have to be.

UCE: --it can be, er--

SUB: A building that will have an impact on the economy, that does transactions, it has billions of dollars in it.

UCE: [OV] It would even be a bank.

SUB: [UI] A bank? It is the same thing. I wanted to say--

UCE: But I do not know.... Is it going to be [OV]--?

SUB: [UI] But I mean, look, this is why I like to tell you, I mean, not, I mean...like you say...I do not know what we can get hold of so that we can perform...I wanted to tell you--

UCE: This is not--is not...no [UI]. I am telling you: each one has his role.... Er, why? Do you have, do you have ideas about the explosives or something?

SUB: I do not have any idea, but, I mean, it is that, er, I did not know how to obtain them--

UCE: May Allah grant us victory, by Allah's will.

[OV]

SUB: [UI] to be able to take it there--

UCE: Er--

SUB: Is it going to be a small or big explosive, so that, [UI]...because a small explosive will not affect the building; we, er, we do not want to destroy one room or two--

UCE: To bring down the whole building.

SUB: Not to have any, not to have any type of evidence, any type of search, any kind- to be- that is it, *done*.

UCE: And you will come with me and we put our trust in Allah, er, but, er....

SUB: We put our trust in Allah.

UCE: But this...by Allah it is not goo-- it is not a bad idea, sir.

SUB: And before I go out with you, before the operation, I will- where I work, where I live...I will tell them, for instance.... I will leave a period of time prior to that...I will even tell them, for instance, I am going to California to my brother--

UCE: Um-hum.

SUB: --my brother...I may come back and I may not...like this, I will leave a kind of [UI]--

UCE: You, you- yeah it is not a problem, do not worry about this matter, as soon as you leave.... What do you have? Er, a one-year contract, for instance, is the, er, your contract? Yeah, [OV] is the contract for the job or what are you talking about?

SUB: [UI] just so we are, er, careful and cautious, you know?

UCE: For your information, when something like this will happen...do not say anything at all...you are not available and that is it. After that, here in *Dallas*, er, you might be in another place --

SUB: *Yeah*.

UCE: --and no one will know- you can only tell them, for instance, er, er, "I am going to visit my brother." And that is it.

SUB: Yes.

UCE: Do not say, "I am leaving..." Forget about this completely, so that there won't be any, er, anything, any worry, to raise doubts, regarding the--

SUB: [UI] doubts--

UCE: Exactly. [UI] no--no, and as I am telling you: for your information, because you do not have papers, this is for us, er--

SUB: Better movement.

UCE: --better and easier movement.

SUB: Yes.

UCE: Are you paying attention? We may always go anywhere by car, it is not a problem, and er, you did not have papers, nobody will know who you are, where you are, or anything at all--

SUB: Yes.

UCE: --as if you are a ghost.

SUB: Right.

UCE: Right? Are you paying attention? But if you have papers, people will say, "But where is he and what does he do? And you do not have anything, this way you--this way you, as far as- I mean, I see-

SUB: But it is possible that ye dislike a thing which is good for you.

UCE: Which is good for you, exactly, exactly.

SUB: I used to say it a long time ago, that my situation as it is, is good, perfect...my situation with you, at the same time, if I were to work alone it would be difficult for me because I do not have a license, I do not have- but when I work with someone else, it will be -- very easy, er, someone I mean, for example [UI] that even, for instance, if *I get stopped from cops, you know--*

UCE: Let me tell you something. If Allah grants us victory, by Allah's will, it will be something that we want to do, soon Allah willing, because everything that is happening now, look at them, er, this will be a good test for you...and as I told you before, as soon as this thing happens, Allah willing you will go meet other people, and you will be, I mean, you will be something totally different, but this is like, er, like a *test...*are you paying attention? Eh, er, did you get a *computer*?

SUB: I will show you.

UCE: Show me.

SUB: I brought it--

UCE: You bought it brand new, isn't it so?

SUB: *Computer, er--*

UCE: For your information, someone told me about *Dell*, *Dell* is very good. Someone purchased a *Dell computer*...he told me, "This is the best, er--"

SUB: *Dell--*

UCE: "--the best thing to purchase now."

SUB: *Compact...Dell and Compact....* I will show you now what types of *security*...that are on the *computer* that I got.

UCE: Yeah.

SUB: *Okay*, I have the computer here, er, er, like you say, it has a *dual core two--*

UCE: Um-hum.

SUB: --*process*, er, time two with a camera--

UCE: Yeah.

SUB: --and it has.... No one can access it except me--

UCE: So, this is good.

SUB: --through, *it is reader print*, er, *read finger--*

UCE: Very nice, then.

SUB: I mean--

UCE: [OV] Finger prints, I mean, your finger print. It has to take your finger print--

SUB: --[UI] through my finger print...it turned out--

UCE: Meaning, your finger print, yeah... [Pause]

SUB: --[OV] because my finger is sweating, it will not take it.... but that you try more than one time.

[Noise - beep]

UCE: Yeah, nice, this is good.

[Noise - beep]

SUB: It is very good, I mean if--if I leave it any- *anywhere--*

UCE: Nobody will--

SUB: --I already h-have it, I have security in it; I mean, I designed it. I downloaded on it...
For instance I turned it of...I have worked on the *computer* now--

[Noise - beep]

UCE: Yeah.

SUB: I turned it off, *okay*?

UCE: Yeah.

SUB: --so, I worked on it and I have turned it off, it still has *cookies, you know, history*--

UCE: Yeah, yeah.

SUB: --things like that, I turned it on; if one comes and turns it on after me, he will open my
history...if I was on *internet explorer*, for instance... he will not find anything--

UCE: [OV][UI]

SUB: --it will be zero...which means it will be.... This computer, like this, just the same as
when it has come from the company.

UCE: New.

SUB: I mean, new. All of it, with, er--

UCE: I mean there is no *history*.

SUB: There is absolutely no *history*. I mean that I worked on it now, I did *restart*, it will be
restored to the same condition as when it came from the company.

UCE: It is screen is nice, good...from where did you bring it?

SUB: Er, it is screen is *LCD Plasma*.

UCE: From where did you bring it?

SUB: Er, I brought, my dear sir, from a place called, er, *call [sic] Aarons*.

UCE: Um-hum.

SUB: Like you say, he sets up payments, installments, without *check credit [sic]*, without
having any name for you in the *system*, he only takes--

UCE: How much did you pay for it?

[OV]

SUB: --a picture of you--

UCE: It cost me about a thousand dollars.

SUB: A thousand dollars, expensive, yeah, I am telling you, but it is nice, good...good that it is not big, I mean not bulky--

[OV]

UCE: It is not, very small--

[OV]

SUB: [UI]

UCE: Yeah, exactly.

SUB: --and it has a battery with around five-hour duration.

UCE: And you get the, er.... It is nice; and do you get the.... Do you have the *service* at home or do you have *wireless*?

SUB: No, I have a *service* at the *wireless* place--

UCE: Yeah.

SUB: --the wireless...I can connect it to my telephone and set up the *sharing access*--

UCE: Which they call, I do not know what they call it...*modem* or not--

[OV]

SUB: [UI]

[OV]

UCE: You plug it in the telephone...what?

SUB: [UI] er, okay, I have a *device*--

UCE: I mean--

SUB: --I have a *device, Blue Tooth*--

UCE: Yeah.

SUB: *Okay, now--*

UCE: You know, I am not familiar with such things.

SUB: *Yeah, the telephone that I got has Blue Tooth--*

UCE: Um-hum.

SUB: --I am running, the *Blue Tooth* on now, *okay?* The *internet* is of course slow with such things, but when I access *Blue Tooth*, this is the name of my *PC* which I called *Jordanian PC--*

UCE: Beautiful.

SUB: --through the *Blue Tooth*. [Pause] Okay, now they made a *connection* from the *Blue Tooth* to my telephone--

UCE: Yeah, *connected*.

SUB: Now they will make a *connect* [sic] to the *internet*, it will form like a *sharing* [OV].

UCE: And there is no wire or anything at all.

SUB: There is no--there is not any kind of subscription with the same company; I access the *internet* through the telephone.

UCE: What is this, *AT&T* or what?

SUB: *AT&T*. It is connected now--

UCE: Do you pay money for *sharing* or not?

SUB: There isn't, they may charge me around *eight dollars--*

UCE: It is not bad--it is not bad.

SUB: --I mean it is *very cheap*, I mean sometimes *free*, because the bill has not come in yet but, er--

UCE: What do you have on your *computer* now? I mean do you have anything on the computer?

SUB: There is nothing at all.

UCE: Which means a zero.

SUB: Zero, because...look, when it turned off and on, because when I finish I do *shut down*--

UCE: Yeah.

SUB: --when I turn it on again, it will be at the factory settings--

UCE: Automatically.

SUB: --automatically, through this *program* which I downloaded.

UCE: What is the name of this *program*?

SUB: It is called *Deep Freeze*. This is, like you say, a company...the one who invented it is someone.... It also has a *password*, one cannot share it or play with it--

UCE: Um-hum.

SUB: --er, a Canadian invented it, or something like that...it does a *freeze* to the *computer*--

UCE: Yeah.

SUB: --since I brought it, like you say, the day it was manufactured...when, the day you purchase it...as soon as you work on it, *restart*, and it will automatically restore itself to the same settings it had when it came from the company.

UCE: *Deep Freeze*.

SUB: Light and very nice.

UCE: Is it difficult to use it, or is it, er, regular?

[OV]

SUB: Completely regular. Now, for instance, because I, for instance, now I want to download something new--

UCE: Yeah.

SUB: --a new *program* on the computer that I do not want it to be erased, I put the second choice to *restart* the *computer*--

UCE: Um-hum.

SUB: --so we disable the *freeze*.

UCE: So that you start working in order for you to download.

SUB: I work on it, download it. I return the *freeze*, I do restart and enable the *freeze* again...on the, er, new system.

UCE: How much did you get this one for?

SUB: The *program*?

UCE: Yeah.

SUB: Free, I get them free. I do for them, er--

UCE: This way there is absolutely nothing on the *computer* now, nothing.

SUB: I do *fake ID's*, like you say--

UCE: Yeah.

SUB: --it will work for me forever.

UCE: *Fake ID's*, er--?

SUB: *Fake ID* without subscription...it will work normally forever. They call it *crack* or *serial number*--

UCE: Yeah, but pay attention with such stuff, we do not want--

SUB: Nobody knows about it.

UCE: Does it mean that *fake ID's* are *fake credit cards* or what?

SUB: *No--no, fake number*, er, *serial number* for the *program*--

UCE: Yeah.

SUB: I mean it is only a very normal thing, a *program* stuff.

UCE: But they cannot trace you back, this is important, *okay*, this is very important. Now, there is absolutely nothing on the *computer*?

SUB: Because I, see how they would find out about you if you, for instance, if you do, for instance, any, er.... *Okay*, now--now there is something called *update*, right?

UCE: Yeah.

SUB: Now, if you do a *connect* for the *program* with the company, you do an *update* and they find out, for instance, that you have the *program* activated without subscription, they themselves will send a message to the *program* and it will be cancelled, it will *cancel*. So, what I do to my *setting* [sic].... that it will not do any connection with the company, I mean, I did a *disconnect* on everything unless I tell it to.... unless I do it myself.

UCE: Which means that if you logged out, there is nothing here at all.

SUB: There is nothing, there isn't anything. I have another thing, I mean, if someone finds out about me, the best program is *Spyware Doctor Antivirus*--

UCE: Yeah.

SUB: This is the best *program*, I mean you hear about the *Spyware*--

UCE: I heard about *Spyware*, it is also free, isn't it so?

SUB: *PC Tools*, it is not free, because, as you would say, I do *registration* for it.

UCE: Yeah, *okay*.

SUB: You see, it is all green here which means if there is no green [OV]--

UCE: But it is good.

SUB: --*the setting*...when I go the [noise] [UI], it is all *protected passwords*; nobody can do anything.

UCE: And you do your *e-mail*...every time you process an *e-mail* do you delete it right away?

SUB: *Yeah*, I delete it right away. We delete it from the company's location. They have *internet security* and *Spyware*.

UCE: Fine, this is good, I like the, er... this *system* is good--

SUB: Good.

UCE: --but no one can access any *history* or anything at all?

SUB: Not at all, I mean, I will show you—I will show you...now I will open a *new folder* on the *desk top*, right?

UCE: *Yeah*.

SUB: A *new folder* here, and I will do a *restart*--

UCE: Is this the one you had at home? [Laughs]

SUB: No--no, [noise], we did the *restart*--

UCE: *Yeah.... You know*, er, er, er, I ask you these questions because they are very important so that--

SUB: *Yeah.*

UCE: --when.... are you paying attention? Er, and then, if we do anything I want you to b- what is the balance on it, how much more is there so that we pay it all off?

SUB: I, I mean--

UCE: How much longer do you have to pay it all off, er?

SUB: I, I mean, er, on the fifth of the month, Allah willing, I will pay it, I shall have it paid off.

UCE: Maybe before then, maybe...so that nobody comes to you saying, "You are..." What--?

SUB: No, trust in Allah, I want to finish [OV] [UI]--

UCE: --I want money.... Exactly. I want, er, "*He owes me...*" are you paying attention? And he will do a *report* or something. Er--

SUB: I will finish it promptly.

UCE: Do not worry, do not worry, Allah willing this is something that will be achieved. But this is good...you know that I do not know about such things, I do not--

SUB: We will get you one just like this one... that is it [UI].

[Noise]

UCE: Oh! Your *e-mail*, which you use with our brother... there is no, er, nobody can access it at all?

SUB: Never. I, er, as a precaution and to be careful, er, I think that after a while we continue with a *routine* which is to change the *e-mail*, for example, even to leave the *e-mail*, *delete* the *history*.... because I already did a *delete* on the *history* with him [noise], but like you say, the method that we use is the one you know about, there is no *new folder*.

UCE: Everything started as *brand new*, beautiful, good. Eh, I want to tell you that I came to you here, that I am...and I do not want to go into details about this matter because, er... You had some ideas, this one, your idea that you told me about: the *credit* and the *bank*, and those things, er, do you have anything else? Any other ideas? [Pause] I mean *ideas*.

SUB: Eh, like you say, this thing, I mean, I thought that it will be the best thing.

UCE: It is not a bad/idea, it is a good idea.

SUB: I mean, for instance, if I want to tell you that we go, for instance, do, for instance, to an oil location--

UCE: Yeah.

SUB: --for instance, if we find an oil location, for instance, a reserve for instance, their reserve--

UCE: Yeah, I know, but this will be difficult.

SUB: --er, this is difficult...to get in, then--

UCE: I mean I will tell you--I mean I will tell you, there are things that are doable and others that are not.

SUB: And then, I mean when, like you say, when you go to attack a *credit card* company, there are people and folks, money, you know? They will complain about the company, they put their money [OV], a fortune will be lost--

UCE: A lot more than that, forget about the money--

[OV]

SUB: --compensation, er, all the companies will revolt.... There is--

[OV]

UCE: It is the *shock* of the--

SUB: --another thing.

UCE: What?

SUB: *Computer* companies, *Dell* and *Compact*, they are the largest companies in America, and the largest.... You may say that it is, er, they also made.... They made America, if you pardon me saying that.

UCE: These are good ideas, and I like them, but at the same I am telling you, this might be a test for you, so we do not want to do anything because there are other things, er, that are impossible to do. What do you think about the story of the boy who, er, who attacked...who killed the, er, the er, the soldier...where is that, in which state? Is it *Arkansas*, or where--?

SUB: In *Arkansas city*.

UCE: *Yeah, Little...yeah, Little Rock*.

SUB: It happened a while ago, *yeah*.

UCE: *Yeah*. What do you think?

SUB: By Allah it is not a clever one.

UCE: What is that?

SUB: So, an action that is not very clever. I mean it is.... I did not know the reason, I did not know the story exactly, exactly because it was in English, I did not know how to translate it.

UCE: He was only.... What I know is that he was, er, he is *Muslim*, I mean, but he is--

SUB: Black.

UCE: --Black, yeah--yeah, and he went...that is it, and he waited for them to get out and fired...something like that, I mean, I also do not know the details. But, I mean, I am talking about--

[OV]

SUB: [UI]

UCE: --yeah, I am talking about the, er, the *office* itself, the center itself--

SUB: Yeah, he attacked the center.

UCE: Yeah.

SUB: I thought that he attacked the [OV] [UI].

UCE: No, he shot someone, he shot someone in the center--

SUB: Yes.

UCE: --but [UI] the center, itself.

SUB: By Allah, they would kill him. He, I mean, it seems that he, I mean, the man has courage, he is zealous about his religion [UI]--

UCE: Um-hum.

SUB: --I mean, if it happened to me, *okay* I will do it but at the same time you have your mind to think with; that you are...you are in, in their core. There is something more that you can do than killing a soldier, because the soldier--

UCE: Exactly.

[OV]

SUB: --because the soldier, when you attack the soldier [OV]...I want to attack the big head, I will not attack the soldier, because when I attack the big head the soldier--

[OV]

UCE: Exactly. Tell me how would you do it?

SUB:--[UI].

UCE: Forget the soldier, I am talking about the center itself, such as the *recruiting* which is this *office*. What do you think is the best thing to do with something like this? If there was a c-- yeah.

SUB: If there was an army center?

[Pause]

UCE: I want to get your ideas so as, er, to see.

SUB: In an army center, for your information, the *security* in it is always *like hundred percent*.

UCE: Not an entire army center...what I am talking about is...what he did...similar to what he did...something like *recruiting*, where people come to vo-vo-volunteer, I mean, they say, "I want to--"

SUB: Yeah, they volunteer.

UC: Yeah.

SUB: [UI] Look, I want to tell you about an idea that I wanted to do a long time ago. I vol- I tried to volunteer with the American Army before.

UCE: You?

SUB: Yes, it has been almost a year, or a year and a half.

UCE: Which means that you went the center, which is this one, the *recruiting*--

[OV]

SUB: Yeah, I went to the center; I was still in school...I tried...I had my own thoughts, I was...I acted alone--

UCE: Yeah.

SUB: --I tried to volunteer; I told them that I want papers, I claimed that the *reason* is that I wanted papers, and that I wanted to volunteer and that I love the American Army, and I like to be in the army and so forth--

UCE: Where, over here?

SUB: In *California*.

UCE: *Okay*.

SUB: What happened, my dear sir, is that they did not accept me because I am not a citizen, but I went and tried--tried to volunteer, join the army, and, tell them, for instance, "Send me to Iraq..." and I will attack them there. But that what, that I take--take a key position--

UCE: Correct.

SUB: For example, now there are branches in the army, isn't it so? Air Force--

UCE: Of course.

SUB: --explosives, and such and such. I wanted to join the Air Force. At the Air Force, the p- planes are always armed.

UCE: Of course.

SUB: --which means if someone took off with the jet, he will bombard them with their own jet and it will be the best attack against them. It will be, I mean, the whole world will talk [UI] it.

UCE: [UI] But you are talking about years from now like [OV] [UI].

SUB: Of course.

UCE: Of course. I am talking about branches, like you did when you went to this one. This particular branch...there and are people who enter and exit right away. If we do something, for instance, put something inside and put our trust in Allah...What do you think about it?

SUB: Beautiful.

UCE: Instead of this sniper, for instance, and senseless act.... If something like this, for instance in the center, here, army...to do exactly as you said about the *bank* and the *credit card*—

SUB: Yes.

UCE: --we do something like this [UI], but we need to do it in a way, I mean, that you exit and nobody...there will not be...nothing, er, you exit--

SUB: Yes.

UCE: --are you paying attention how? The center itself, in the *building* itself.

SUB: So this will be, er, a beautiful way, but as you are saying, you enter and exit... If they see you enter with something, er, it will be, er, it has to be something, er--

UCE: Exactly, but it will be very good.

SUB: Exit from--

[OV]

UCE: Forget about the sniper, the gun, and the bullet.... Something like this to bring the *building* down, as you say: you do not only want to carry out, you want to bring the whole *building* down.

[OV]

SUB: --if there is, look, if there is a timed explosive belt, to take it under the clothes--

UCE: [Sigh]

SUB: --one goes to the *restroom*, I mean that he, for instance, to them how much I like to join and to start joking with them--

UCE: Yes, talk--

SUB: Do you know how? I mean, to make up stories and [UI] "*Oh, you was [sic] in Iraq, and how would survives [sic] over there; it's dangerous, but, I mean, you know what--?*"

UCE: *Yeah, I know.*

SUB: --I mean you start talking to him, to make it *friendly* with him. He will start chatting with you, while the other one is in the rest room, for instance.... The bomb will be planted somewhere, and they exit leaving no trace behind us--

UCE: [UI] yeah.

SUB: --yeah, and I do not have citizenship.... If I want to join the army, I have to go...citizenship...go get the citizenship. I will then get papers, Allah willing, fake ones.... *Probably its need [sic] four months and I'll be back...see what is happening with the application, can you give me the application then the papers--?*

UCE: Exactly.

SUB: --he will tell me, "Then, then...it is timing."

UCE: Something like this will be good if someone was inside to see, for instance, what is the best time when [UI] and when many people come to those centers, same as when you went in *California*.

SUB: There is [UI].

[OV]

UCE: So, it is possible that you will not be...yeah, you will not be alone, the only person with peo-- for instance you and five--

SUB: No, no, no.

UCE: --six or seven or eight individuals, are you paying attention? Er, and I am telling you, this is a test for you in order for us to see you capability, and how you can enter a place like this and exit it without problems...this is the most important thing. Er, I am telling you, I mean that this will happen soon, er, I want to tell you, "Are you ready, by Allah's will, or, this needs to talk..." We talked--talked--talked, but now, Allah willing, we will commence.

SUB: The right thing to say.

UCE: Beautiful.

SUB: The right thing to say.

UCE: Get ready, I mean, er--

SUB: I will be happy with the strike, and the success of the operation.

UCE: What do you think about this operation, something like this? Can you, can you? Say.

SUB: All is perfect

UCE: But can you execute it, can you...can you e-enter without any problems and exit--?

SUB: Allah willing, of course, er...

UCE: --and leave it in the, er--?

SUB: Allah willing, if the, er, the necessary equipment was there, I mean, like you say...I told you, "An explosive belt, for instance, timed..." But not to be...it will turn out to be, big, small, with enough capacity to destroy the building, eh, I mean, do you understand what I am telling you?

UCE: Yeah. We, in order for us to bring down the building, and I saw some centers here...not big, I mean, like, er, small, and this is good--

SUB: Around--

UCE: --and this is good, it might be over.... Those I know may have more than ten individuals, and with regard to the people who come, this might be good, and this is building for people who want to k-

SUB: This, I mean see, if this operation will be carried out the strategy here is that the people who want to join the army will be scared to come to those centers--

UCE: Exactly.

SUB: --because, *it's very good--*

UCE: --and we do not have--

[OV]

SUB: [UI]

UCE: Yeah [UI] these are people, actually, I mean that I see it exactly--

[OV]

SUB: The people, they are the enemies who are going to fight us, they are going to kill the children of- the Arab children, they are going to rob us.

UCE: Did you see centers here, near here? For sure there are many in *Dallas*.

SUB: *Okay*, I know someone here who tried with me, when I used to work...when I worked at the city...in the area, in our area, in the American Army--

UCE: Um-hum.

SUB: --eh, I do not know in which branch he is, but I expect him to be in the *Air Force*--

UCE: Yeah.

SUB: --he tried to give me his card and told me, "If you want to join the army and such, it is better for you than working in the [OV] [UI]"--

UCE: Yeah, but what encourages me is that...and sometimes the--the--the branch is like...these centers like the Air Force and the army are all next to each other, in the same--

SUB: They are all next to each other.

UCE: Exactly, so you enter one and it will be, I mean, like three...so we want to--

SUB: I will change my appearance, to make my appearance...so that he does not recognize me--

UCE: Oh no, no.

SUB: --so that he does not recognize me.

UCE: Enter as a Mexican.

SUB: I will enter as a Mexican, there is nothing wrong with it.

UCE: I mean if you enter now, I will not know you--

[OV]

SUB: --I will wear ear rings, a hat, and work on my appearance, and I will, I mean be one of them, one of them so that, I mean--

UCE: Something like this operation is very important, and the most important thing in this operation is time, the--the-- as they say, time is *right time*...are you paying attention? I

do not want you to enter...you need to enter when there are people and there are *applications*, and so forth, therefore nobody would, er....

SUB: Better.

UCE: Are there, are there nearby place?

SUB: Er--

UCE: Do me--

SUB: --I can do research and find out for you because I, *join to the army*.... I mean look, here it is, now for instance, any internet site, when you visit *Google*--

UCE: Um-hum.

SUB: --you write, for instance, *Dallas, Texas*, er--

UCE: Can you do it now or--?

SUB: Of course.

UCE: And you will erase--erase it write away, correct?

SUB: As soon as I do *restart*.

UCE: And see what is the, er, here and your idea, your idea about the bank is also good, but I see, as I am saying, the-the-the best thing to do in order for us--

SUB: Yeah, as far as I am concerned, the two operations, the two operation, yeah I mean--

UCE: The operation--

SUB: --the *credit card*, the army, that it will be a motivation for the folks who want to join--

UCE: Um-hum.

SUB: --this way it will frighten them, and this one will shake the economy; it will be two attacks in one.

UCE: How nice! Right...this means that you want to do two--

[OV]

SUB: After the success--

UCE: --at the same time.

SUB: --No, of course...after the success of the first operation, this will be the second operation in another place.

UCE: Exactly, in a totally different place.

[Noise]

SUB: In a different place and in a totally different state.

UCE: If you have the two operations before you, which one would you take?

SUB: I will take the one for the army.

UCE: The army, a little.... The army will be a little bit difficult--

[OV]

SUB: It will be difficult.

UCE: --but I see that it is possible, I see that it will be--

[OV]

SUB: It will be--

UCE: --best thing now, especially with what is happening now--

SUB: --to these soldiers who are enlisting.

UCE: --and this will involve thinking and people, I mean you are not going to be alone, I mean that I, I want to tell you, it is not, er--

SUB: [UI]

UCE: --I am thinking, but what is in the- find out what is the--the largest of, which is.... There are locations everywhere, as you say, but what would possibly be the main target? [OV][UI]

SUB: Do you want to do a research now on the [noise - beep], for instance, the *Armies*, meaning the Army [UI]?

UCE: But any...just enter *recruiting*, if it is for, er.... But if we find some- I mean.... The idea behind this telephone appeals to me, by the way, it is very nice.

[Noise]

SUB: Very nice.

UCE: The idea behind this telephone is very nice, that nobody...yeah, something like...on the air, there is nobody, you do not put wire, you do not put, er--

SUB: None at all. When I purchased the *device* I spent probably three days, I mean, trying--

UCE: Were you working with it?

[OV]

SUB: I mean I was trying, and [UI].

UCE: Do you mean that you purchased this to place it here?

SUB: [UI]

UCE: And this is the *Blue Tooth*.

SUB: *Blue Tooth*, I brought a *program* and started doing a research on the *internet*. Once I stayed for about...even at night, I vowed not to sleep until, I am able to do it--

UCE: Were you able to do it?

SUB: --so, praise Allah, like this...it was not until the early morning that I could do it, when it worked for me after the *update*.... *Looking* at the locations and things.... I was even surprised.... [UI], thank Allah.

UCE: Do you call your father or not? Is he doing well?

SUB: I call him, I mean, twice weekly.

UCE: Did he tell you anything, anything new? Any--?

SUB: Nothing at all, but he...like you say, he tries sometimes to tell me, "Go home..." er--

UCE: For a visit or--

SUB: For a visit or just to return.

UCE: Are you sure of what you want to do? So that Allah will grant us victory over them, by Allah's permission, and er--

SUB: I will be very happy, I mean--

UCE: --and will you be ready?

[OV]

SUB: [UI] the world, you know--

UCE: *Yeah.*

SUB: --I have done it during my life.

UCE: The day it will happen, your suitcase has to be with you...any papers...do not leave anything at all. I am telling you, do not leave even a tooth brush, are you paying attention?

SUB: *Yeah.*

UCE: Er--

SUB: [UI]--

UCE: [UI] I mean when--

SUB: [UI]

UCE: --no, when something like this will happen when you exit the center and come to ride with me, you will not go back--

[OV]

SUB: When I exit--

UCE: --you are not returning--

SUB: It is [UI].

UCE: Are you paying attention? This is very important, er--

SUB: I will not [UI] you, I mean--

UCE: And I will tell you--

SUB: --I will give away all my stuff, or I will sell it, or--

UCE: --and I will tell you what to do, but do not worry, when something like this happens...after that do not worry about money, do not worry about anything.

SUB: I will tell you, of course, that I will expand the scope of my research, but I was a little slow or, like you say, did not move well with you--

UCE: Uh-huh.

SUB: --because firstly I was thinking about the papers' issue, but if it is going to be like this--

UCE: I-I am telling you, I mean, I am telling what--what--what we--

SUB: --as I say, praise be to Allah, I mean my marriage was facilitated but the papers' matter was not, possibly so that [UI]. "But it is possible that ye dislike a thing which is good for you"--

UCE: Exactly.

SUB: --and it is good for me, I mean, because I am walking down this path--

UCE: And I am telling you now, it is important--

[OV]

SUB: I mean, praise Allah--

UCE: --nobody knows where you are, nobody knows where you live, nobody knows anything at all about you--

SUB: I am telling you--

UCE: --even the telephone--

SUB: Yeah, I will leave everything--

UCE: Yeah.

SUB: --I will leave the telephone, there is not, er--

UCE: Exactly, but I am telling you, I mean when you got the telephone, didn't you get it with another girl, or did anybody buy it for you, or--?

SUB: Under another girl's name, you know? But it is better, always, I mean--

UCE: Yeah, I know, no...I know, but I am just talking to you, if you are, I mean--

SUB: It is under the name of an American [female] there isn't anything--

UCE: Therefore I am telling you that the papers are not, er, not--

SUB: No, of course.

UCE: --er, on the contrary.

SUB: --and the other telephone that I have, which you may say has minutes, is from *Wal Mart, grab and go*.

UCE: True. [Pause] You do fast *typing*, I mean you, I mean praise Allah, you do....
Connection failed? [Pause] One needs to take a rest, one has gotten old.

SUB: I do not remember what is the other *w-website*.

UCE: Did you put down *Dallas*? Enough, allow it to run.... Lord! Lord! Lord!

SUB: Where? Here?

UCE: No, below.

SUB: Yeah, because my English is not that good.

UCE: Nor mine is, and, er, but I know it. Are you paying attention, people will be there, so that will be good.

[Sigh]

SUB: The *internet* is slow.

UCE: Do not worry, I like this deal, it is good. [Pause] It is taking time, but it is not a problem.... [Pause] What are the other news? Anything new? Has anything been happening?

SUB: Nothing at all, it is all the same.

UCE: This thing is--

SUB: [UI] my life.

UCE: And you...from where did you move, from the place, er?

SUB: I used to live here, correct?

UCE: I remember that you were in the middle, or about that.

SUB: *Yeah* in the middle, I moved to the *corner*...there is one that stands alone here, and there are two next to it, but I moved to the *corner* where there is no one neither from this side nor from that side, there is only a neighbor here.

UCE: It is even better.

SUB: Of course...like you say, it is secluded--

UCE: Uh-huh

SUB: --and has a separate *parking*.

UCE: Separate...where?

SUB: Separate.... [UI], it looks like--

UCE: [UI] because it is only--

SUB: I went through situations, some of them, like you say...the *internet* is slow and it does not open...the *server*.

UCE: I want to tell you that I might, er.... I just want to know where is their location, in--in which location, and this of course, is very important to me. If it is, for instance, in *down town* or such, it will be very beautiful, it will be wonderful, are you paying attention? [Noise] [UI] What is this? Is this what you got?

SUB: Oh no, not yet, it is still opening, but I am browsing the [OV] [UI].

UCE: Put it on *mortgage* [UI].

SUB: I am trying to open another page.

UCE: Here it is--here it is--here it is.

SUB: Here it comes...

UCE: So where is this?

SUB: *U.S. Army*...this is the location...to...ad--

UCE: I know. Do you know where this is, or?

SUB: *Okay, 6777 Dallas*...I expect...this is near here.

UCE: Near here?

SUB: I expect it to be, this is the...this is the address--

UCE: *Shop* what *shop center* here...

SUB: --because of the...do you want me to get *direction* to it?

UCE: Yeah.

SUB: I will open the--

UCE: Write the, hmm...write me the address because...

SUB: Do you want to go see it?

UCE: Er, because...which one is the....? Er, what happened to your car, by the way?

SUB: Er, by Allah, it is not good at all, so I sold it for 500 dollars, because like you say, the *engine--*

UCE: Um-hum.

SUB: --was totally unfunctional, even the ma- the guy to whom I sold it, told me, "It needs a *new engine.*"

UCE: And what will you do?

SUB: I intend to buy a new car, but--

UCE: Do not worry about the car now. Forget it now, because we do not want anything in your name now. Are you paying attention? [Noise] Do you have a car now or you do not have a car?

SUB: By Allah, I do not have but there are many friends who, I mean, give me and respect me.... I mean the car that I drove here today belongs to a Mexican whom I know, er, I have known him for about a year. He used to come to me at the shop, I got acquainted with him, and I mean I used to help him. Sometimes he used to come to me, "Sam, do you have 20 dollars? Sam, can I borrow 10 dollars?" like this, I mean, I used to lend him and he paid back, I used to lend him and he paid back--

UCE: Um-hum

SUB: --like you say, he became a friend and he gives me anything that I would ask from him. I asked him for his car, I did not even ask him; I asked him yesterday, "*Do you know anybody can [sic] take me to Dallas tomorrow?*" He told me, "*You can take my car.*"

UCE: Very nice.

SUB: I told him, "*Thank you.*" He told me, "*I'll be at work.*" He told me, "*We are family...*"[OV] [UI].

UCE: Does he work with you in the shop or?

SUB: Er, he works at another place.

UCE: Good.

SUB: Like you say, he does steel work, blacksmith.

UCE: Yeah.

SUB: He was jailed for about, probably five years.

UCE: Er, you will find out for me if it is close to here or not. Write the tele- write down the telephone also, so as to [UI]. Find out now where the location is too [UI]. Do you think you know this location? I mean you know about which location they are talking, or do you have any idea?

SUB: Not at all, but, I mean this is the 35--

UCE: Put the address here, [UI] what is address here? [Noise]

SUB: [UI] *G. P. S.*

UCE: Do you have the *G.P.S.* or you stay with me? Is there a telephone here or not?

SUB: *I'll check.*

UCE: No, no [UI] the *G. P. S.*.. Enter [UI], enter 2727...I can not see, my brother--

SUB: 2727--

UCE: Er, St-

SUB: 27 Stemmons Street.

UCE: No, *STEMM*--

SUB: *ONS?*

UCE: Yeah...*Freeway.* Did you get it?

SUB: *Yeah, done.*

[Noise] [Pause]

UCE: Hmm.

SUB: *Multipurpose.*

UCE: Was there, er? One hundred and nineteen miles?

SUB: One hundred and nineteen miles.

UCE: Does it mean that...what do we do? Do we go on the *Highway* right away, or what do we do?

SUB: Er--

[OV] [UI]

UCE: *Or, did you mean?*

SUB: *Okay, start from here...yeah, we will go on 35, on 35W East--*

UCE: Yeah.

SUB: *Take a left on 35E South, on US77, then take Exit 424 to-- to a right at...so then you will turn left on the, I mean, it will take about 26 minutes.*

UCE: I mean, do you know all these places?

[OV]

SUB: No, I do not know.

UCE: Do you know how t-to go there?

SUB: No, I do not know anything in *Dallas*, this is the truth, I mean, because my area, like you say, is all in the *South*. But here we are over here; and all of it is down there.

UCE: I see that, I mean, er, only one thing will show on the, er.... What do you think about this idea?

SUB: I like it, I like it a lot.... It is a very nice idea, because as you said, [UI].

[OV]

UCE: But we have to think it out very well...this one.

SUB: But, of course, will--will...I want to ask you, after the operation, for instance, will there be a sound recording or, will, for instance, a *video* recording, for instance, by a certain party that we work with, for instance we declared that this strike, for instance...claim responsibility--?

UCE: This will not be.... And I, and I will tell you the truth.

SUB: Are they the, er--?

UCE: This is not a decision--

SUB: Not a decision--

UCE: I, of course, I will not be able to say, [OV] I, I mean...this is only an idea, as I am telling you, the--the--the, er.... I see that something will go out, yeah, something very nice--

SUB: I mean, for instance, "We, for instance, al-Qaeda Organization, declare our first strike after five years."

UCE: And I am telling you, maybe there is a very important thing...there are other things that will happen.... But I am telling you, I do not...Allah knows better, I mean, but, er, may be a decision to do this will be made or may be our dear brother, the Commander, might come out and say something...Usama may come out and say something--

SUB: [UI]

UCE: --yeah, he might say--

SUB: True.

UCE: --something, er, not a *video* but, er, audio.

SUB: Audio.

UCE: Er, er--

SUB: On the basis that it will be--

UCE: --er, on the basis that, "Our brothers in so-and-so-and so--and so..." But I am not, I am not--

SUB: Which means, justifications only--

UCE: Yeah, it is possible, and er, and, er, er, the most important with something like this one is not to affect other things, other operations, are you paying attention? But I think that something will definitely happen, er, they will say something.... And who knows, the Commander may say something and Allah facilitate things for us, and who knows? With Allah's permission. [Pause] But, of course there is no one...I do not want you to mention any word to anyone, absolutely not, of course not, not a thing...[UI]--

SUB: I, like you say--

[OV]

UCE: [UI]

SUB: --I changed my whole life by this--

UCE: Good, thank Allah.

SUB: --like you say, two faces, thank Allah, I mean, the actual face is hidden, I mean it does not have any kind of trace at all; and the other face, I mean is just an appearance for the people I work with and I am around.

UCE: Do you think that we can see this place?

SUB: *Yeah*, why not, but I want to look up other locations that are nearby--

UCE: *Yeah*, yeah, of course.

SUB: --so I am trying now [UI]--

[OV]

UCE: I will see...I want to look up...if there is a place with so-and-so, are you paying attention? Are you hungry?

SUB: No, thank Allah, I ate before I... *Okay*, I found it.

UCE: Found what? Look at the large number...*up to 72*--

SUB: *Yeah*, I found it... this is the one I was looking for...now, with *contact us*, I go to their *locations*--

UCE: Did you do this before?

SUB: Er, no, I do not try to do so, never--

UCE: *Yeah*.

SUB: --but I used to visit to see how...how is the, er, just for observation--

UCE: Um-hum.

SUB: I never downloaded [pause] those pigs...[UI].

UCE: I am telling you, this can be very good.

SUB: Because there is a lot of army in *Texas*...I mean I work at the gas station--

UCE: Yeah.

SUB: --sometimes you see them pass by, probably I told you before, trucks, cars...I would say, today for instance, there is more need for me to do something, for instance.

UCE: It will be good that you...we are going to att- strike them in the location where they do, so, er--

SUB: That is why I changed my opinion about the *credit card*, and we will leave it for another operation.

UCE: What is this?

SUB: Just news...[pause] brother, I can not find [UI]--

UCE: Come, let us, er, quarter of an hour and we will be back--

SUB: Okay, we will finish later--

UCE: --and after that I want you, for instance, er, to find out so-and-so for me, other places.... But I see...because it is for the first time, it is the first thing that shows up on *Google*--

[OV]

SUB: [UI] me try for the last time--

UCE: --are you paying attention? This means that it is...it might be the center, that--

SUB: --because it has to...*okay*.... Look at this, these are all locations that belong to the USA--

UCE: Did we get this, or not? No, not.... Where is this? *Pontiac*? Where is this?

SUB: This? *Pontiac*?

UCE: Yeah, I do not know this...see where this is. What is this, possibly...this is *Michigan*, sir.

SUB: Yeah, this is not here.

UCE: No--no, this is not here.

SUB: I do not know.

UCE: No... here. Let us go. [pause]

SUB: [UI] *village, okay*, it is *again*, you do not expect to be here--
[OV]

UCE: Wait.... Yeah...let us go, er--

SUB: As I did, also as I did the same thing before--

UCE: Here it is.

SUB: --the location is on *California Street*.

UCE: Do you know where this is?

SUB: *Dallas, North Dallas...*I mean if they need the *direction*. I mean if--

UCE: *I think* that it gave you 2727, er--

SUB: 2727. [Noise - typing]

UCE: What is it?

SUB: I also type in Arabic, faster--

UCE: Faster than English?

SUB: Yeah, even if there is not, er--

UCE: May Allah grant you health, you are...

SUB: This is a nice location, only *eight miles from here*. [Pause]

UCE: How far is it from us, eight, eight miles?

SUB: Er, *10 minutes, about 14 minutes, 10 miles?*

UCE: Do you know how to go there, or you do not?

SUB: Yeah, using *G. P. S.*

UCE: I have *G. P. S.* down there also.

SUB: *Awesome*, [UI] the address--?

UCE: 17--

SUB: --*California Crossing*--

UCE: --*Californian Crossing*--

SUB: You need to enter the *Zip Code*...it is asking me...

UCE: You want to take it, right? Come...erase all of this. [Noise] Do this thing, do the, er, do the *magic*.

SUB: There is nothing done here.

UCE: [UI] [Noise]

[Pause]

[Noise]

UCE: Oh, dear! [Noise] Do you want to use the restroom?

SUB: No.

[Pause]

SUB: [UI]

UCE: Let us put the "*do not disturb*"...ok...let us go sir...do you have a phone?...take your phone just [UI]...do you have a phone?

SUB: [UI]

UCE: Okay, that is good. This is a good hotel...I like it very much.

SUB: Uh-huh

UCE: It is better than the other hotels...they are too small...and we are in a big hotel, so no one will know where we are coming from...are you paying attention?

SUB: Oh...I was late this morning because...

UCE: Uh-huh

SUB: I got the car, and everything was going perfect--

UCE: Uh-huh

SUB: --and I put the [UI], it didn't start [UI] [laughs] so I went back to the gas station and put some gas in it, then I began to fix it [UI]--

UCE: Did you fix it?

SUB: I fixed it and it worked.

UCE: Thank Allah.

SUB: [UI]

UCE: Look...this is Allah's design.

SUB: I have never driven a *stick shift*.

UCE: You have never driven what, *Stick shift*?

SUB: Yeah, like this

UCE: You never drove *stick shift*?

SUB: I mean...I have tried it before...I have tried it before, but like you say, it is difficult...[UI]

[Noise - talking in the background]

UCE: So you mean that you have...this car is a *stick shift*?

SUB: Yeah.

UCE: *Stick shift*?

SUB: Yeah.

UCE: No...we are going to get you a good car...there are cars that [UI]...I do not know what goes on in *Dallas*...I did not find except, er.... they call it, er...

SUB: [UI]

UCE: Yeah...that is normal...normal...

SUB: [UI]

[UCE and Subject enter the car]

UCE: Normal, normal, let us go, sir...this car is 200 dollars a day...[sigh]...it is hot like hell brother.

SUB: *Yeah...yeah...the summer started*

UCE: Put one for you and one for me. [Noise - music] Look, nine.... 96.

SUB: *Waw...Fahrenheit*

[G.P.S. gives directions]

UCE: We will put one, er...which one are you going to put?

SUB: Do you want to go the nearest one first? Or to the furthest one?

[G.P.S. gives directions]

UCE: Er--

SUB: How long are you...how long are going to be staying here, Allah willing?

UCE: Er, until, er, [OV] tomorrow.

SUB: I wanted to tell you to come...to come, or example, to have dinner at my place tonight or something like that.

UCE: May Allah facilitate things, may Allah facilitate things, we will see what is going to happen.... What is... Dallas... what is the *street* that, er--

SUB: Which one do you want? The first one or the second one?

UCE: Type the, er--

SUB: The nearest?

UCE: --the nearest one.

SUB: The nearest one? *Okay, it's 1775.*

UCE: Wait... 17--[OV] [G.P.S.] --75, Lord! Lord! Lord! It loaded, but...no, *two matches.*

SUB: *California Crossing--*

[G.P.S.]

UCE: There is none other god but Allah.

SUB: Eh, you have *California d-Drive* and *California Crossing*.

UCE: *Crossing*.

SUB: Take *California Crossing*.

UCE: *Crossing, yeah...we will go to the.... Wait.*

[Pause]

SUB: Here...without the *G.P.S.*, you can not drive, huh?

UCE: There is no...without it...

SUB: I am just like you.

UCE: Er, there will be no solution...I do not want to...I want to put it with you...[UI]...did you get the...get the...did you get the *address*?

SUB: Yeah.

UCE: In your *G.P.S.*? [UI]

SUB: [UI]

UCE: [UI]

SUB: [UI] *seatbelt* [UI].

UCE: How much is the *seatbelt* now?

SUB: [UI] one hundred and fifty *dollars*...I was going out with my friend...

UCE: Huh...the *seatbelt* is 150 dollars?

SUB: I think so...I was going out with my Egyptian friend.

UCE: Uh-huh.

SUB: [UI]...let us stay on the left side.

UCE: Left?...ok...we are going to be returning back.

SUB: Yeah.

UCE: Okay.

SUB: And like you say...his highness was wearing--

UCE: Do we enter here?

SUB: Yeah...he was wearing like a white shirt...and the police saw him...when he passed him, he stopped him.

UCE: Why? Because he was wearing whites?

SUB: Yeah...because of the *seatbelt*...the *seatbelt* is black and he was not wearing it...so, he immediately stopped him.

UCE: Man...that is unfair...but 150 dollars?...a 150 dollars for the *seatbelt*?

SUB: I expect it is 150 or 100...but [UI]. Another left [UI].

UCE: Do we enter here? Do we enter here on this *ramp*?

SUB: Yes.

UCE: Which one are we going to first? The near one?

SUB: Yes...the nearest one.

UCE: Okay.

SUB: Dear sir, [UI]

UCE: Lord!... I am on the *ramp*.

SUB: Take *the line left*.

UCE: Okay.

SUB: We will take the *183*.

UCE: The *183*?

SUB: Yeah, we will be there in seven minutes.

[Pause]

UCE: Where is the *183*?...oh...yeah...okay.

SUB: Let us continue.

[G.P.S.] [Pause]

UCE: Have you been to *New York* before? Or you haven't?

SUB: By Allah, I have not...but I would like to go...they say that it is a very big city...different

UCE: *New York*, er--

SUB: It has no end.

UCE: Very huge.... For how long do I follow this?

SUB: We have *two miles* remaining, and then we take a *right* on *TX 114*.

UCE: *114*? This means that I have to take a *right*.

SUB: We will stay on the *right for two miles*.... Did you see the Swine Flu that has spread?

UCE: Because of the pigs.

SUB: Because of the pigs.

UCE: Look-- [OV]

SUB: Our Allah has....praise Allah.

UCE: --it is written in the Qur'an, praise Allah, I mean... people tell you, "What is the difference between the pig and any..." But there is a huge difference, then our Allah...it is forbidden, there is no question about it. It is forbidden--

SUB: Yeah...he has forbidden it.

UCE: He has forbidden it--

SUB: I mean...the people [UI].

UCE: --and the American will say, er, I mean--

SUB: The Americans, I mean, look, how long have I lived in America? I have never seen anybody more stupid than the American people.

UCE: Are you hot, cold? Tell me, yeah.

SUB: No, I am fine.

UCE: Yeah [UI].

SUB: I mean, in my life, how long have I worked with the Americans? In my whole life, I have never seen anybody more stupid than such people.

[G.P.S. gives directions]

UCE: Look, people here are crazy. Look, I will tell you something, I mean--

SUB: *True.*

UCE: --the difference, the difference between us and them, they live.... Do I take *a left?*

SUB: Yeah.

UCE: --they live in present time...they live for now and that is it, it does not make a difference for them...as for us, Allah enlighten us, Allah willing--

SUB: [UI]

UCE: --Paradise is ours at the end, Paradise with its comfort, with Allah's permission.

SUB: By Allah's permission.

UCE: And like they say, if you have your right foot in paradise and your left foot [G.P.S. gives directions] is outside, do not be, er, 100 percent confident...you should do everything with Allah's permission.

[G.P.S. gives directions]

SUB: Thank Allah.

UCE: But all of this is a good deed...all of this is a good deed with Allah's permission.

[G.P.S. gives directions]

SUB: [UI] victory.

UCE: *One point....* People here are stupid too.

SUB: The people are very stupid--

UCE: What is over here?

SUB: --very--very--very.

UCE: What is this?

SUB: Like you say, it is [UI] for sport, for *baseball* and *football*.

[G.P.S. gives directions]

UCE: Are you still being cautious with this woman whom you married?

SUB: Yeah...I want to start with the divorce subject after a while.

UCE: It is not going to make a difference.

SUB: It will not make a difference.

UCE: Let it go, you, I mean, just stay with her with, er--

[G.P.S. gives directions]

SUB: I mean, if I escaped, if I escaped [G.P.S. gives directions] and I stopped talking to her then cut off my communications with her.

UCE: Nothing at all.

SUB: Nobody is going--

UCE: Nobody is going to know...you, I am telling you, I mean [noise] I can not tell you where you are going to be, because of course I am unable to talk about it--

SUB: [UI]

UCE: --but you will be in a city, in a place with other people, with, er, a totally different life.

SUB: [UI]

UCE: And then? Do we enter?

[G.P.S. gives directions]

SUB: The first [UI] then enter.

[G.P.S. gives directions]

UCE: We are on the *right*.

SUB: I do not know, it appears that the *G.P.S.* gave us something that is wrong.
[G.P.S. gives directions]

UCE: I turn right?

SUB: Here, yeah...it is a hidden road.

UCE: *Teleport Boulevard.* I think this is *Teleport.* [G.P.S. gives directions]

SUB: Stay here.

UCE: I do not want anybody to stop us or something...and if anything happened, we just do not know where--

SUB: We do not know where we are going to.

UCE: --we do not know where we are going to, are you paying attention?

SUB: [UI]
[G.P.S. gives directions]

UCE: What are these people? What is this?

SUB: It is like there is a school here.
[G.P.S. gives directions]

UCE: Okay, [UI][noise]. Do you know this place at all? Have you ever come here before? I have never come to the Army.

SUB: I, er, I have not been in *Dallas* except once.
[G.P.S. gives directions]

UCE: Is this a school?

SUB: *Yeah,* it appears to be a school.

UCE: No, we will leave the schools alone.

SUB: What do you think of, er, the *airports*?

UCE: The airports, er, is a very good idea--

SUB: But the *security* is tough.

UCE: Look, it depends, tsk, er, I thought... [G.P.S. gives directions] We thought about it too, I mean--I mean it is a very good idea, and for your information, the thing about the *airports*--

SUB: [UI]
[G.P.S. gives directions]

UCE: What is this?

SUB: It does not want you to enter.

UCE: Can I not enter?

SUB: Yeah, I think so, [G.P.S. gives directions] but I mean, the area is strange, why here?
[G.P.S. gives directions]

UCE: This is a bridge, er, the airport will be very good, and for your information--

SUB: Uh-huh.

UCE: --the majority of people think that because of airport *security*.... Yes, the *security* is the airport when you enter deep inside, but when you are outside in front of the...the airports are full of people--

SUB: Yeah.

UCE: --are you paying attention? It is different than when one enters inside the *check* [UI].

SUB: Correct.

UCE: Yes, there will be 200 or 300 people.

SUB: This is correct.

UCE: Are you paying attention? So, er, it is not necessary to go inside--inside a plane, or go inside--inside of the, er--

SUB: The building.

UCE: --the building.... Yeah... Yeah, it is not, yeah.... [G.P.S. gives directions] delete it--delete it er, delete it quickly.

SUB: This is another location.

UCE: Yeah. We will leave here quickly; we will leave immediately.... Are we going to plant it in a place or, er.... Put in the second location, please...[UI] it is a little difficult, or what do you think? But the airport idea is a good idea, tell me what--what--what is it that you want? Tell me in which airport, er--

SUB: The *Dallas* airport, for example.

UCE: Okay.

SUB: I expect it to be very easy [UI].

UCE: Because there are many people.

SUB: Because there are many people, and I mean, er, there is not any kind of *security* at the weighing counters, as you said when one enters--

UCE: No, when you get inside to weigh, waiting for the...the *ticket*--

SUB: Correct.

UCE: --and there will be 200 or 300 people.

SUB: You can...I mean for example, for example.... The *restroom* is always the best thing, I mean, if I go up on, er, for example, and put a case in the ventilation place--

UCE: Yeah.

SUB: --it will not be visible until the explosion time.

UCE: Er, it is a good idea, are there any places for the *Army* over there?

SUB: In the *Airport*?

UCE: Yeah.

SUB: Sure, but, er, it is difficult for *public* to enter the *Army* just like that--

UCE: Correct.

SUB: --they will not let *public* in... unless one has an *army* identification card.

UCE: But it is possible to be nearby, too.

SUB: I, I told you, er, that I can bring, er [OV] [UI]--

UCE: Are there cars? I can not see, just tell me.

SUB: Here.

UCE: Now?

SUB: Yeah, now, you can go, [UI] I want to tell you, I can get forged identification cards, forged *driver's license*, and forged *social security*.

UCE: And how is that?

SUB: [UI]

UCE: Tell me?

SUB: Through *Mexico*....they make them...but, er, *it's look [sic] like real*.

UCE: Um-hum.

SUB: --*exactly...but*, er, I mean if the policeman, for example, stopped you and he is going to run it through a device, I mean you do not use it with the police--

UCE: Yeah?

SUB: --because they will find out.

UCE: Exactly.

SUB: --but if you went to normal locations for example, and someone needed your name for example and an *ID*, with your picture on a different name...I mean I can get the *ID's* [UI].

UCE: For how much?

SUB: Er, very cheap prices, 100 dollars--

UCE: Do you mean you can get driver's license from, er, a driver's license from *Texas*?

SUB: *Yeah*.

UCE: With a different name? Under a Mexican name for example?

SUB: Under a Mexican name and my picture.

UCE: But I am afraid that you are going to do that and he knows...I mean I am not afraid of course, but I mean do you think that there might be some worry? Do you know these people? Are they good or--?

SUB: Yeah, I know them because, like you say, they are *Mexican* gangs...they are the ones who...I mean, I can make the *connection* through a *Mexican [UI]*, my friends

UCE: Uh-huh.

SUB: Who work with me for example, because...how are the all Mexicans employed now? With a forged *social security [UI]*--

UCE: You know the system...right--right--right--right.

SUB: --you know? So, they get the, er...they get...the method is they get the *social security* of deceased people--

UCE: So, how do they know these deceased people?

SUB: Er, who knows where they get the documents from...I mean they are *Mexican* people...big gangs...like you say [UI]...so when, er, when they take you to do it, it is all for the money...you know?

UCE: Er--

SUB: They have special machines to do it--

UCE: But they have to take your photograph, right?

SUB: *Yeah.*

UCE: Which means they have to take your photograph to put it on the license?

SUB: *Yeah*, but I mean I can put a different photograph, I mean it is not a must, you know?

UCE: Enter the...did you enter the address?

SUB: *Yeah.*

UCE: Hmm...no, we want your photograph because if, er, but you are not...right, right--

SUB: I mean [UI]--

UCE: So, you will be able to go buy a *ticket* too?

SUB: What?

UCE: A *ticket*, er, a *ticket*...I mean for example, you can go to the *airline* and buy a *ticket*?

SUB: *Yeah*...do they check this on the machine?

UCE: *Yeah*.

SUB: No, [OV] this means that it [UI].

UCE: But the ticket is not a problem.

SUB: On the *ticket* [UI] is possible.

UCE: By Allah, the airport is not a bad idea by the way...we are on *Stemmons*...isn't this the one that we were...this is the one that...

SUB: The one we were on...where we were--

UCE: Where we were staying at...yeah.

SUB: --but, er--

UCE: [UI]...the airport idea is not bad...even if there is anything, you can go in and out quickly...and I will be waiting for you...I will drive around one circle, and--

SUB: What?

UCE: --one circle only. [G.P.S. gives directions] [UI] how far is it here?

SUB: How far, er, we will arrive there at *12:40*, it is now *12:11*.

UCE: No...by Allah we will arrive.

SUB: The time is *11:55* [G.P.S. gives directions] [UI] *15 miles*.

UCE: Have you been to the airport here before?

SUB: Er, *Dallas*.

UCE: Which one?

SUB: *Fort Worth*... [UI]

UCE: Am I driving in the right or wrong direction?

SUB: No...right.

UCE: There were two ramps [UI]. Er, what do you think about the airport here?

SUB: Er, very easy.

UCE: We want...if something like this is to be done, it has to be, I mean, er, [OV] during a time of, er--

SUB: I, I mean...look, before I do anything, I will go and make a *routine* for the airport...for example, I will wear--

UCE: Where do I turn here?

SUB: *Right*...I will wear different clothes--

UCE: Uh-huh.

SUB: --I will go as if I am, for example, there to meet someone--

UCE: Uh-huh.

[G.P.S. gives directions]

SUB: --so, I go to see how the *security* system is inside...I will go to the *restroom* to see its system inside--

UCE: Okay, right.

SUB: --how the search system is...I mean *make sure* that *everything*, I mean that you have an idea before you enter it again.

UCE: For your information, this will be very good, considering everything that is happening now. From this airport...all the planes will shut down--

SUB: *Yeah*, yes.

UCE: --this can be, er, an incredible hit by the way.

SUB: A destroying hit, but er, if it was, er... [G.P.S. gives directions] The problem is when you take the material inside, what size is it going to be?

UCE: Er--

SUB: I mean if [OV][UI]--

UCE: --it has to be something, very important of course, because I want them...if something like this happens, this means that you are going to go.... I mean, we might...if

something like this happens, we will take you from there and take you to a totally different place, you might possibly go outside America. We take you to Mexico [noise - honking] are you paying attention? But, er, er, [noise - traffic] being a huge one, this will be incredible...it has to be done in a way that will shut down all the airports in the entire America...no one plane will depart and no one plane arrives.

SUB: *Take right.*

[Noise - traffic]

UCE: Allah will facilitate things... Do you think that you can do it without being worried or anything at all? That you are not going to be nervous? That you are not going to be tired? That you are not going to be--

SUB: Not at all.

UCE: I am telling you this because as, I told you from the beginning, you are my brother...I mean I can leave here and you will never see me again and I will never see you again...I mean it is not a problem, I mean I am not er... Did you see, sir? *Obama* went to Egypt, sir.

SUB: *Obama* went to Egypt?

UCE: Yeah...do not you watch TV, sir, or what?

SUB: Er, by Allah, I watch Al-Jazeera news and the [G.P.S. gives directions] [UI].

UCE: It was on Al-Jazeera, he went to Egypt and, er...turn where?

SUB: [UI] on 35 [I-35] *South*, meaning *keep going*.

UCE: Okay, yeah.... He went to Egypt...they paid 15 million pounds for the curtains only--

SUB: [Whistles]

UCE: --just for the curtains only...I mean it is about three million dollars for the curtains only...and there are people who are dying--

SUB: It is all treason.

UCE: It is all treason.

SUB: The King of Saudi...you saw how he hugged him and, er, gave him a medal [UI] golden--

UCE: Yes, yes, yes I saw this picture [UI]--

SUB: --I say, if this traitor, this one of the Islamic State is like this, how then are those of other states going to be? They will be more traitors, you would find that the guards of the Saudi King, keeping their eyes on Obama--

UCE: Yeah, of course.

SUB: I mean, they guarding [OV] *Obama*, not the Saudi King--

UCE: Yeah, of course. But, those people always--always tell you such-and-such, but there is nobody who wants to say, "Traitors."

SUB: Traitors--

UCE: Traitors, I [UI]--

SUB: --the way is correct but [UI]...like you say, hypocrites exist since the Apostle--

UCE: Exactly.

SUB: --praise be to Allah. They pretend that they are right, and they are...but they are the hypocrites.

UCE: Exactly.

SUB: --they will have the most excruciating torture.

UCE: The, er, is here--

SUB: I mean--

[Noise - traffic]

UCE: Look, hypocrisy and all these things, [UI] I have...like they say in the Engl-, er, in E- English, *straight*...walk like a stick.... Who is this?

SUB: [UI]

UCE: Is he playing--

SUB: [Laughs]

UCE: --*guitar* or what?

SUB: [Laughs] He looks like he is singing.

UCE: I go *straight*, right?

SUB: *Yeah... you can go straight*

UCE: I can go to a place.... I see *airport* here...*Dallas Love Field airport--*

SUB: It is the biggest--

UCE: Have you been to it before?

SUB: The biggest--the biggest airport is the--

UCE: The other one.

SUB: --the *DFW*.

UCE: Yeah.

SUB: *Dallas Fort Worth*.

UCE: Correct, but for your information.... When I came to you [OV]--

SUB: Did you come to this one?

UCE: I came to Dall- yeah--

SUB: *Okay*.

UCE: --and for your information, the, er, the big airport...sometimes an airport like *Love Field* is better, why? Because it is easier--

SUB: Easier.

UCE: --because it does not have...I mean the location is good--

SUB: Yes.

UCE: --I mean it is a big airport, but there are people in the--

SUB: Now, what is going to be.... Now look, if, I e- if someone enters with a bag--

UCE: Yeah.

SUB: --in the airport, it is possible that they are going to search him, right?

UCE: Inside the airport, or when you first get in.... I will tell you something...let us enter in the...

SUB: Are we going to enter normally?

UCE: I will show you the, er, for your information I see that this airport is possibly better, because it is easier and nobody is going to--

SUB: Yeah.

UCE: --is going to look, are you paying attention? Because it is, I mean, er.... The other airport, the big airport.... Why is there such heavy traffic?

SUB: It looks like...it is time for, er, it is *lunch* time... people come out of companies and--

UCE: You were talking about a bank like this one...this is a bank.

SUB: Is this a bank too?

UCE: Yeah, this is a bank...*Regions*.

SUB: This will be great.

UCE: The problem is that we can not do two at the same time because of the timing--

SUB: Correct.

UCE: --are you paying attention? I mean--

SUB: If, if you want, I will tell you. If we have...for example, if we have, *okay*, for example, if we have two timed bombs; for example, we took the first one to the *front*, to the bank, to a bank, we chose it--

UCE: Fine--

SUB: --and the timing between the two bombs, I mean, you can say, [UI] *15 minutes*--

UCE: But I, I am telling you, take a picture of the...do you have the...do you have the thing? Take a picture...take a sneaky picture of this bank...and I'll tell you why? Your idea is good, but I am going to tell you what is going on...I am afraid that someone might see you or something...take a quick picture and that is it...it is called *Regions*.

SUB: What?

UCE: *Regions*, er, and I will tell you why.... This is a very good idea by the way, but, er, it will be difficult...let me think about it for seconds...do you see--?

SUB: Yeah, the sun is not...it is not going to take it.

UCE: Take it and that is it, I mean give it, er, we are going to turn here, look, this is it, right?

SUB: *Yeah.*

UCE: Backup, and look at the left side?

SUB: The *airport*.

UCE: Three miles--

SUB: If we enter from here [OV]--

UCE: If we enter from here, we will go to the airport.

SUB: --we will go to the airport...it will be two operations...they will be devastated over there, then they will be devastated over here, after the second explosion--

UCE: Exactly.

SUB: --or they will be devastated over here, then they will be devastated over there...I mean there will be *10 to 15 minutes* difference between them.

UCE: And, it must be...that no one here knows...also, this bank, this is a building, you can get into any place in it--

SUB: Yes.

UCE: --not the bank, are you paying attention?

SUB: *Yeah*, I mean, it will destroy it in any place, you know, it will bring all of it down because it is big.

UCE: Three miles, so you need about, er, and--and the traffic...you need about 20 minutes.... Let us calculate the time, it is 12:07 and we are here...here is the *entrance* at 12:07.... Did you take the picture?

SUB: [UI]

UCE: What is this? Building one one one...okay.... Building one...I see [UI], I see one, one one one, *one one one*.

SUB: If we put the name only, it is *A.C.S.*

UCE: Yeah, but the bank in it is *Region [sic]*.

SUB: Yeah, *Region [sic]*, yeah, *Regions*.

UCE: But for your information, it does not make a difference--

SUB: *Yeah.*

UCE: --any place in this building.

SUB: --it will destroy it--

UCE: Of course--

SUB: --it will [OV] [UI]--

UCE: --But it has to be, I mean, it has to be very powerful.

SUB: *Yeah, correct.*

UCE: It has to be, but--but, I mean...I do not see how we are going to bring down this whole building? But, er, the building is big, but if we do a piece of this building, because [UI]--

SUB: It will be in the, er, it will be in the, er--

UCE: --and it has to be in the first or second floor...I will tell you why later.

SUB: The first or second floor?

UCE: *Yeah*

SUB: Because of the pressure and security.

UCE: Exactly, but I do not see it to be very difficult, but, er, it is the first and the second because the--the--the--the- er, it will cause a *shock* to the people upstairs, they want come downstairs.

SUB: *Um-hum.*

UCE: Are you paying attention?

SUB: *Um-hum. I understand you.*

UCE: Do you understand all of this?

SUB: All of it will come down.

UCE: What is this called, *A.C.S?*

SUB: A.C.S.

UCE: Yeah.

SUB: Yeah, *Regions Bank*

UCE: I want you to, er, here is *Stemmons, Stemmons*, correct?

SUB: Yeah.

UCE: And what is the street...the other road? I can not see it, something *b-bird--?*

SUB: *Mocking, Mocking, Mockingbird--*

UCE: *Mockingbird.*

SUB: *Mockingbird.*

SUB: Er, do you have a pen?

UCE: Where is the, er, [UI], where is the p- pen?

SUB: I can put *the direction [sic]* here.

UCE: *Mocking--*

SUB: *Saved, I got it.*

UCE: *Okay*, for your information, this might be better than the, er, than the other building?

SUB: The, er--

UCE: If something like this happens--

SUB: Uh-huh.

UCE: --it will be horrific, it will be horrific.

SUB: It will cause the --it will cause the loss of millions--

UCE: *O yeah, O yeah*, look...it will be horrific, and also, they will be close to each other...but I am not--I am not, I do not know how we are going to do the, er [G.P.S. gives directions] forget about *calculating*, put, er, [responding to the G.P.S. audible commands] we are going to the airport--

SUB: Yeah, we are going to see the airport--

UCE: --we are going to see the airport...what do you think?

SUB: [UI] [OV]

UCE: And this is a good airport... [G.P.S. gives directions] Shut it down, also for the battery so we, er, er.

SUB: Should I put, er, should I ask for the airport?

UCE: No, we have the *directions* for the airport, do not worry, it says *three miles*.... Look, there are buildings but, this.... hotels, no.

SUB: Hotels, no. [Pause] There is a small *bank* over there, do you see?

UC: Hum.

SUB: He stopped in the middle of the road.

UCE: What is going on? There is, er, [OV] there is something going in, by the way, sir.

SUB: Merely *stupid*. See this [UI].

UCE: Yeah, this one? And this is for *lunch* or what? The time is 12. [OV] Look [UI]--

SUB: --*Yeah busy, Dallas becomes very busy...Dallas* is like you say, a center, a big one.... There is another bank too--

UCE: Where?

SUB: --that, but, er, like you say, this is rectangular...[UI].

[Noise - traffic]

UCE: I like the other building, *corner*--

SUB: Yeah.

UCE: --it will look--

SUB: Yeah.

UCE: --it will look good on TV.... Is this a bank?

SUB: It is a bank.

UCE: What bank?

SUB: *Sterling Bank*
[Noise - traffic]

UCE: It is also good, and glass.
[G.P.S. gives directions]

SUB: Here is *Wells Fargo*.

UCE: Where is that?

SUB: *Just turn*, to the right

UCE: Fourteen twenty--

SUB: Do you want me to mark it here?

UCE: When we come back... Was that *Well* [sic] *Fargo*?

SUB: *Wells Fargo*, I was looking for it, it is a big bank, I mean it is a bank in *California* with many branches...in *Texas* it is very successful.... I mean if we bring it to the ground, it will be a powerful hit.

UCE: All of it is *Well* [sic] *Fargo*?

SUB: [UI]

UCE: Just from the *shock*, it will collapse on its own--

SUB: [UI]

UCE: We want to take a picture, but when...I do not want to yet, so no one [UI].
[Noise - traffic]

UCE: What is that?

SUB: It is big, right?

UCE: *Well* [sic] far- yeah, it will be--

SUB: It will be a strike that--

UCE: There are many good things here in *Dallas*.

SUB: Yeah, this is *Chase*, do you see *Chase* over there?

UCE: Yeah, but this, it is not all [UI]--

SUB: It will be a perfect strike I mean

UCE: I like *Well* [sic] *Fargo* because it has glass--

SUB: The *Wells Fargo*? Yeah, yeah.

UCE: --and what they call it, *Chase*, will be very good too.

SUB: *Chase...Chase and Wells Fargo* are both of the biggest banks.

UCE: But this one is far. *Well* [sic] *Fargo* will be closer to the bank... to the airport... and look, here is a plane...Allah willing, Allah, er--

SUB: [UI]

UCE: --if one can do a plane now, it will be horrific, but it is very difficult.... I want you to be in the same looks you came with today--

SUB: [UI]

UCE: --yeah, it is very good, but I want you, I want you, I mean from now on, to be very serious about this idea, because it can happen at anytime.... I might go see people tonight--

SUB: Yeah.

UCE: --it depends on.... But I want to ask you a question...it is very important.

SUB: Uh-huh.

UCE: --the question that is going to be asked is- is it possible that he can do both of them at the same time in the same day?

SUB: I prefer that they are...it is better.

UCE: But do you have, er...? There must be...what they call, *technique*... [OV] you have to do it correctly, are you paying attention?

SUB: Yeah...it is the technique...and that is why [UI], if we have the intention, Allah willing, I mean that I will come and begin to work on them...like you say, before the operation and before the execution...it will be that I will come to the location more than once, even in one day--

[OV]

UCE: I do not want you, I do not want you to enter...I mean if you entered the *Wells Fargo*--

SUB: I am going to change my looks...I will wear a hat and *sunglasses*, and I am going to change my looks, shave my beard--

UCE: Do you have a suit?

SUB: Er, no but I can wear American clothing--

[OV]

UCE: It is not a problem, we possibly can get you a suit...a suit and a tie...are you paying attention? And you enter with a case such as a *Samsonite*...

SUB: Uh-huh.

UCE: --here with something, hmm...this idea is going to be, er, and idea that is going to be, er...you are smart...it is a great idea...it is a great idea.

SUB: I will enter with the looking like a [UI]....*do you think if I--if I go inside, er, like a school bag that is with me...do you think that they will pay attention or something? At the banks? I--*

UCE: No, normal--

SUB: --I will do--

UCE: --this bank is a regular bank--

SUB: *Yeah.*

UCE: --I mean, you can enter this bank and do, er, open, er, how, open, er, *account*--

SUB: *Yeah...that is what I am going to do.*

UCE: Ask them for example, er, how much for the *deposit*...pay attention that there is something here.

SUB: Uh-huh...I will enter with a regular empty bag, so I can see how the, er--

UCE: What is happening?

SUB: --what is happening.

UCE: Here is *Love Field* and this is *Cedar Spring*.

SUB: Do you see how?

[Pause] [Noise - traffic]

UCE: Allah is Most Great! Allah is Most Great!

SUB: [UI]

UCE: Look, [UI] [pause] did you come here before?

SUB: Never.

UCE: I do remember this area, but I mean [Pause]...the airport is big too--

SUB: Yes.

UCE: --and it will not be, er--

SUB: Are you going to enter the...are you going to enter inside or what?

UCE: We are, er, no, we are--

SUB: Only, er, *drive around*--

UCE: *Drive around*. I know it from the inside, it is a big airport, it has..., I mean it has *restaurants* and everything [UI].... [Pause] Do you see? There are places, er, I mean, er, look at the *parking lot*, the, er.

SUB: *Yeah*, but we want the--

UCE: What do we want?

SUB: We want a big area.

UCE: But to be good. [Pause] [UI]

SUB: When they weigh the bags--

[OV]

UCE: What?

SUB: When they weigh the bags, do they open them?

UCE: When you are entering inside, no.

SUB: Do they do a *scan* them when you enter?

UCE: No, if they do a s- no...*scan* what?

SUB: The bag?

UCE: If you are...no...these are all *counters* here--

SUB: Uh-huh.

UCE: --and there will be many people...or we may go to the *baggage claim*...there are many people in the *baggage claim*...where the, er--

SUB: The baggage.

UCE: --the baggage, where the baggage is at, are you paying attention?

SUB: Uh-huh.

UCE: People will be waiting for their baggage...it will be like...nobody knows who you are on anything at all.

SUB: Correct [UI].

UCE: You just walk away...you enter the restroom then leave.

SUB: Correct...I understand what you mean, *yeah*.

UCE: Are you paying attention? The thing that circulates...the conveyer belt?

SUB: Uh-huh.

UCE: What do you think about something like that? But we should do it... let us say, if we are going to do something like this... but I do not know if-- if they are going to approve both or not. What do you think about this airport? Look--

SUB: [UI]

UCE: I mean...er, it is nice, er, not, not nice, I mean, er, its location is good, and--

SUB: We, are going to check the flight times to see when it is going to be busy.

UCE: Exactly...I see that anything on Friday--

SUB: On Fridays?

UCE: --or Monday, or Monday while people are returning--

SUB: [UI]

UCE: --they will be waiting for the baggage--

SUB: Yeah.

UCE: --you get in...three minutes... the people's baggage is on the conveyer...then you leave.

SUB: What do you think about the buildings in *Dallas Downtown*...the big huge ones?

UCE: I also see that this is going to be like a--

SUB: [UI]

UCE: [UI] yeah, yeah, yeah.... Tell me how to go back, because I do not remember...to the, er--

SUB: To *Wells Fargo*?

UCE: --to the, er...no, to the [UI].... No, I do not want to go through the south again... Do you think it is 1400? Exactly like you would go to the airport, it is the same, I mean the same route, I mean you can possibly...one minute, then you will be on route...we are getting on 35, right? so we can [UI] to the hotel--

SUB: You want to go back the same way we came, *right*?

UCE: Yes...to the hotel...yes...I do not...I do not want to go...ok...if something like this happens...two at the same time...a quarter of an hour in between them...

SUB: It will be ruined...

UCE: What a splendid day...but there must...

SUB: It will be joyful...[laughs].

UCE: Yeah...yeah.

SUB: There will be joy across the world.

UCE: Yeah, by Allah. Yeah this will be great.

SUB: And those in prisons will be [OV] [UI].

UCE: But we have to have time to get out of here...we have to get out of here

SUB: Are we getting out of here flying, or with a car or...?

UCE: No...

SUB: But I can't go flying.

UCE: No, no...a car...no...a car...a car...a car, and we will take you from here and you will go and never look back...are you paying attention? I am going to tell you what to do when you go back...but I have to take...we have to...like I told you, there are decisions and things...for me, I can't...

SUB: Uh-huh.

UCE: Something like this has to reach the...

SUB: [UI]

UCE: Do I turn over here?

SUB: It is saying to turn *right*, but, er...

UCE: I will go straight.

SUB: It is going to take...it is going to take us to another place.

UCE: Shall I tell it *Chase Bank*...but *Chase Bank* here will be... the *Well Fargo* is on the route.

SUB: Yeah...in the route.

UCE: I mean...I am telling you...and we need about a quarter hour...[OV] No, we do not need that...we need only five minutes on the way...then everybody will be going there...the police and everything will be going there, then we will rely on Allah.

SUB: Allah willing, by Allah, it will be--

UCE: Er, this is, this Allah...

SUB: It will be a blow for Obama.

UCE: Yeah...

SUB: [UI]

UCE: But something like this should reach the top, top, top....because the decision for something like this to happen is...[G.P.S. gives directions] forget about the car thing now, just stay--

SUB: No...it is over...I will just stay--

UCE: --do not worry...if you want anything, if you need anything...do I take a *right* here?

SUB: Uh-huh.

UCE: Er, [UI].

SUB: It is talking, but I expect it to take us straight...it will take the shortest route like this and that.

UCE: It is not a problem, er, the *I-30*--

SUB: Where do you want to go now?

UCE: To the hotel.

SUB: To the--

UCE: To go back to the hotel...to the *Embassy Suites*.... Forget about the other places now...I do not want, I do not want anybody to be suspicious.... I can see these two things [UI]...right or wrong? Go to, er, take me to the *Embassy Suites*.

SUB: To the hotel?

UCE: Yeah, to the hotel.... I do not want to be with you in the car for long, so no one can see us...*Love Field* will be good...it does not have *security* like the other one at all...even these people who are called *TSA* [UI].

SUB: [UI] 35...we are going to get on 35...[UI] *Wells Fargo Bank*.

UCE: Isn't it this one?

SUB: *Yeah*...[UI].

UCE: It is very good.

SUB: It has monies and [UI].

UCE: Only if there is something in it, only.

SUB: We will be...we will try to come at the end...we will make it...we will make it at the *last month*...or at the beginning of the month...when salaries are received.

UCE: I will tell you that I want to.... I have few things that I must do. Do you see that?

SUB: Yeah

UCE: But pay attention...I have to tell you a very important thing [UI] my dear brother--

SUB: [UI]

UCE: --the orders that are going to come....the orders that are going to come.... Whatever we receive, I will tell you, okay do such a thing, this is what I will do, er, er, er, er--

[G.P.S. gives directions]

SUB: We merely research and organize matters [OV]. We do not make decisions.

UCE: Exactly, but the airport...the airport will be a great idea...you go to the *baggage*, which is the *claim*--

SUB: Yeah.

UCE: Are you paying attention?

SUB: And I put the [UI]--

UCE: --and people, people who are by the baggage...as if you are waiting for a bag...nobody is going to know anything.

SUB: [UI] we will try to--

UCE: This--this--this--this is the.... no not this one [UI].

SUB: --try to take the *left*--

UCE: Okay. Allah willing. Are you going to go home? Or what are you going to do?

SUB: Er, *yeah*--

UCE: I might...I might come to you--

SUB: [UI] If you want to come this evening and have dinner at my place [OV] [UI]--

UCE: It is not- Do I take a *left* here? To the--the left?

SUB: *Yeah.*

UCE: Allah will facilitate things...let me see...there are things--

SUB: I mean, if you finish all your affairs, this evening, I am available, I do not have anything going on, er--

UCE: The most important thing...I do not want you...I will tell you now when we get back, Allah willing...102...this place is very crowded, the traffic in it is good--

SUB: *Yeah.*

UCE: If something happens, it is going to be--

SUB: It is going to be...[OV] [UI].

UCE: Nobody is going to know...yeah.

SUB: They will arrive tomorrow...huh.

UCE: I want you to take this subject seriously of course and at the same time...as I am telling you...start talking about...like my brother...something like "I might go see my brother...that he has some problems..."

SUB: *Yeah.*

UCE: Do you following me? Something like this...er--

SUB: I, like you would say--

UCE: A talk about the--

SUB: --I, like you would say, I kind of announced a long time ago.... that I say...*All I wanna leave, I don't like this [sic], er, I mean, this, I mean everyone.... Everyone who knows me, they know that I.... Hosam, for example, is going to leave and he does not know where he is going...he wants to go to, er, another town.*

UCE: Do you talk to, er--

SUB: --and if they ask me "When are you leaving?" I will tell them "*I don't know because I don't have a car...I gotta buy me a car...*"--

UCE: Exactly. Correct, correct.

SUB: --like this, do you know?

UCE: Do you speak Spanish at all?

SUB: Er, I mean, I can pretend that I am Spanish, I mean.

UCE: Can you?

SUB: Hola, como estas, hola means hello, como estas means how are you, er...que paso means what is up...I mean very little...just a--

UCE: Can you, er--can you, er...and I will not be able to tell you, for example where you will be going. For example, if you can go, if we send you to Mexico for a month or two, can you live normally?

SUB: Normally...it is all in the path of Allah.

UCE: It is all in the path of Allah. [Pause]

SUB: I will tell people, tell them that I left... and my family, if he agrees, meaning if I tell my father that I am working *somewhere else*...a new place, nobody is...nobody will know.

UCE: But do not tell your father anything at all about this...I mean...I am telling you--

SUB: [UI] I am in a different place in *Texas*...I have changed my location because of work...just so if he calls my friends, they will tell him, "Oh he left for another job." Because, I have told him a while back; I told him, "I have met few, er people, nice guys who found for me, er, offered me better work and better money." I mean, do you know how?

UCE: Yeah, and are you trying to get a different job or what?

SUB: I, er, it was just thoughts I mean, *yeah*--

UCE: [UI] [OV]

SUB: --because they are going to carry, they were going to, they were going to carry [UI] *Pork* in our store.

UCE: Why?

SUB: They make *sausage* and *sausage* and *cheese* and things...and like you say...when I have it at the *counter*...I mean I ask Allah for forgiveness, because...because there is not another job that I can do...then, they are going to carry beer too...so I said, "O, no," [laughs] let me start looking for another job.

UCE: Do you have beer now?

SUB: No, there is not, but I mean it has Pork...there is production of *sausage*. Do you know?

UCE: Yeah.

SUB: --and they make in the *smoke house* the *Jerky*...the dried meat.

UCE: [UI]

SUB: Yeah...stay *straight*.

UCE: I will go *straight*, we are close.... I am going to tell you something, tsk, be careful...if--if we sent you to another place or something to live, I want you to live as if you are--

SUB: Oh yeah, of course, of course.

UCE: --I mean, if you went to Mexico or somewhere, be normal, normal, I mean I know but--

SUB: Also, like you say, I am able to, I mean I am able to make my self *public easy* [sic], I mean--

UCE: Exactly.

SUB: --I mean, I will give them an idea about me that they will never figure out who I am.

UCE: A good idea this one.

[Pause]

SUB: In the future, Allah willing, if all these operations succeed, and for example, I left this place--

UCE: Brother, this operation...this operation is good, but I want to tell you, er, that there are other things...this will be, this will be a test--

SUB: I mean...Allah willing, in the future, [OV] I want the other targets to be in other countries.

UCE: But be careful.... You know that you will possibly leave Mexico and go to another place, to another place to Pakistan.

SUB: Allah willing.

UCE: Will you go?

SUB: I will go, with the Sheikh...with the Commander.

UCE: But, the time, I want to tell you that the time between one operation and the other might be kind of long...so I [UI]?

SUB: Thank Allah, Lord of the Worlds. I mean, my health is good and I will have a long life.

UCE: I want you to, er, think with your mind so you do not rush.

SUB: Allah willing, I am patient, I mean, and I do not rush at all, because, like you say, the situation...what we are seeing they do not see.

UCE: They--

SUB: They do not know anything about you at all.

UCE: They do not know anything at all...and that is why I am telling you....[Pause]. Where is the--

SUB: What helps me is my appearance--

UCE: Your appearance is--

SUB: --I can change it very easily...I mean, notice, I mean I am going to show you how I mean [OV] [UI]--

UCE: Your age, your age is [UI] and your appearance...I mean er--

SUB: --I mean, if I shave my hair to zero [G.P.S. gives directions] [UI]...if you see me on the street, you will not know me--

UCE: If [OV] you shave to, er, zero ?

SUB: --if I shave, I mean if I shaved my hair to zero with beard and everything, I mean bold, if you see me you will not recognize me--

[OV]

UCE: But do not shave now-- [OV]

SUB: Okay.

UCE: --because if I [UI]...if something happened and we did, Allah willing, er...are you paying attention--?

SUB: *Yeah.*

UCE: --you will shave in the car.

SUB: Which means you will say...if I shave, you will not know me.

UCE: Exactly.

SUB: [U]

UCE: Make your hair yellow.

SUB: [Laughs] It does not make a difference; [U]. I will show you a picture.

UCE: Show me... [OV]

SUB: [U]

UCE: This, where was this at?

SUB: This was in my old car at work.

UCE: You look totally different.

SUB: Totally. [Laughs]

UCE: Totally.

SUB: Totally--totally, and I am telling you, I mean, everybody who sees me says "praise Allah."

UCE: [U].

SUB: If I have hair.... I will show you my long hair, I used to have long hair...I mean, another totally different look, too.

UCE: If we can do the two together, it will be, er--

SUB: It will be, er, I mean the first thing is that the Shei- the Commander is going to be proud...the Sheikh.

UCE: It will be--

SUB: I mean, it will be...it will be in history.

[Pause]

SUB: [UI]

UCE: Who is that?

SUB: This one who was outside.

UCE: What is this one doing? I do not want you to deal with them. I want to [UI], *he's in there*, I want to go see him.

SUB: [UI]

UCE: [UI] like companies that do, er.... by Allah I did not understand anything from it, even the *employees*. We are not doing anything [UI].

SUB: [UI] [Laughs]

UCE: I will [UI] like, er, something like, er, the *bathroom* [UI].

SUB: [UI]

UCE: I wish [UI]?

SUB: [UI]

UCE: Can you go after him or not?

SUB: He was over there. [UI] the right-hand side. By Allah, I did not like that you come here to the same hotel.

UCE: I told you...

SUB: I wanted to tell you to come to my place and that is it, let us not go a hotel or such.

UCE: [UI]

SUB: If you to stay longer [OV][UI], that is, trust in Allah and go [UI] nobody comes and goes to my place. I will not receive anyone.

UCE: [UI]

[Pause]

UCE: *Hello, do you have any tea?*

UF: *Yes.*

UCE: *I like two, three [UI].*

UF: *[UI]*

UCE: *Three will be fine. Thank you, ma'am.*

UF: *You're welcome.*

UCE: *Where did we--we go? In two thousand and--*

UF: *What is your room?*

UCE: *Two twenty-five.*

UF: *Two twenty-five?*

UCE: *It is on the other side. I was gonna say. Thank you.*

UF: *Do you want room service, or when I come back.*

UCE: *No, I am good--I am good.*

UF: *Just fine?*

UCE: *Yes, ma'am, thank you.*

UCE: *What room?*

UCE: *Two twenty-five. I am good.*

UF: *Okay.*

UCE: *I am good, thank you. [Pause] We are going to the other side.*

SUB: *When you come here, do they check the ID to see if... [OV] do they check the credit?*

UCE: *[UI] Yeah--yeah--yeah, they check the papers. Come on in, you are talking about service. [Noise] Er. Sit down. What do you think?*

SUB: *[UI] my keys.*

UCE: *See.... we can go down to the car if, er.*

SUB: *No, er, when I left here they were not with me in the, er restroom, but I do not know, may be I left them in the restroom.*

UCE: Look, enter and look. Where they with you when we went to the car?

SUB: No, when I left here, they were not with me. I mean, I thought that I forgot them.

UCE: Did you find them?

SUB: May be in the bag.

UCE: Look in the bag, look in the bag. If they are not there, we can go downstairs, er, to look, er, to look in the car...I will go downstairs to look in.

SUB: No, when I left here they were not with me, I might have left them in the car. Allah knows best.

UCE: Fine, it is not a problem. [Noise] The time is here, I mean for us to, er, may be it will be an idea...it will be a horrific operation, but it needs--

SUB: It needs tactics.

UCE: It needs tactics [OV] and it should be done at the right time, but we do not want to, er, do such and such--

SUB: [UI]

UCE: --you will think about it. But do you think you can enter this [UI]? The airport is not a problem.

SUB: [UI] Allah willing, because I mean, always... to research, identify the place.

UCE: Do not go there now.

SUB: No, I will not go [UI][OV]--

UCE: Yeah, because there is no one.

SUB: --until--until the decision is approval is here. Then the plotting will take place, which is, do you know?

UCE: Er, let me also tell you something. The airport will be, er.

SUB: It will be, er. It will frighten [UI] the people [OV]--

UCE: It will stop the, er, it will stop the, er, the thing.

SUB:--[UI] the flights.

UCE: The international.

SUB: Allah willing. It will be a great strike.

UCE: Do you know, let me explain to you about the *baggage claim*, which moves [UI] and becomes this.... yeah.

SUB: [UI]

UCE: May Allah facilitate--may Allah facilitate. We will see what will happen, but I am trying to, er--

SUB: Are there *hotels* that belong to the *Army*? Especially for the *Army*?

UCE: I do not know; for sure no. I do not believe that there are *hote*- I believe that there is... which are their places, but the ones we went by, I do not know.... It appears to be by itself in a far off place.... are you paying attention?

SUB: Yeah.

UCE: Er, but the *Well Fargo* and that other one were good, but I mean.... I will tell you, I, if you want to do whatever, may Allah facilitate.

SUB: Let me--let me go to the restroom. Do you have [UI]?

UCE: Can you pray or not?

SUB: Yeah.

UCE: Can you pray or, er.... *short [sic]*?

SUB: This one is above.... below the knee.

UCE: Below the knee. Wait--wait a little bit.

[Noise - bang]

[Noise - water running]

UCE: There is none other god but Allah.

[Noise]

UCE: Go do your ablutions.

SUB: This is a gift for you to remember me with.

UCE: Lord! Lord! Lord! Lord! Lord! Lord! Lord! Lord!

SUB: May Allah protect you [UI].

UCE: Where did you get this one from.

SUB: This is from [UI].

UCE: Is this from Jordan or from here?

SUB: No, from here.

UCE: From here? This is Arabic, this, er.

SUB: That is why--that is why I wanted to--

UCE: Yeah.

SUB: --get it for you as a gift [UI].

UCE: May Allah reward you. Thank you for [UI].

SUB: [UI]

UCE: [Noise]. Go [UI].

[Pause] [Noise]

SUB: [UI]

UCE: Pray two Ruk'as Istikharah. Are you paying attention? I want you, er, Allah willing, when you, er, when you go home, I want you to think. Are you paying attention? Sleep on it and see.

SUB: I am not, er [OV]--

UCE: I know, but [UI]. What do you think?

SUB: I prayed the Istikharah when I left Jordan. When I left...before I left to America, before I knew I was leaving, I prayed the Istikharah to seek Allah's guidance on whether the trip will be good for me, if what I pray for will come true--

UCE: Um-hum.

SUB: --that Allah will facilitate my departure to America, and I left, praise Allah.

UCE: When was the last time you prayed the Istikharah?

SUB: Since, er, when, er, when I first met you.

UCE: When you first met me?

SUB: Yeah.

UCE: [UI] Let us pray together.

SUB: I was afraid that you would be from the Intelligence or something [laughs].

UCE: Stand next to me, come let us [UI], let us pray a couple of bows, and Allah will open it for us.

[Praying] In the name of Allah, the merciful...Allah is Most Great...[UI] Allah is Most Great...[UI]....

UCE: I want you to go home, think about it, er, Allah willing, we will meet soon, by Allah's will. I want you [sigh], I want you to be hundred percent sure of what you want--

SUB: I am hundred percent determined [UI] I mean, there is no other path that I will choose [UI], there is no room to back out, this is the only straight path remaining at the present time.

UCE: [Sigh] Let me, er, that is it. Go home, get some rest, and I will call you today, Allah willing, in the afternoon. Sleep on it and see, er, what [UI], I am like your brother...if your brother has problems, it is quite normal that in any, er- May Allah o- may Allah open it for us and grant us victory by Allah's will. Do not sell anything now, are you paying attention? So that there won't be any suspicion or anything at all. Er, do you need anything?

SUB: May Allah keep you [UI], thank Allah everything is fine.

UCE: Tell me, I mean, do you need anything?

SUB: Only...will you be able to come in the evening, for instance?

UCE: Maybe, by Allah's will--by Allah's will, let us see, there is just, er-

SUB: I would like to make...I would like to cook steak and such--

UCE: Fine--fine, may Allah facilitate it... so I can [UI] it depends on, er, give me a couple of hours or so and I will call you, because--

SUB: That is it, take your time--

UCE: --I want to tell you something, those two buildings were, I mean, er [UI] the places are next to each other [UI], I cal--

SUB: This is just a simple thing of what is yet to come, Allah willing.

UCE: --I calculated it, it is three to four minutes exactly between this building and the airport--

SUB: Four minutes [OV]--

UCE: --you turn left.

SUB: If--if the first bomb was set which we are going to put, the first one, it will be set for a longer time, because in order for us to go and come back, when we put the second one, I mean there will be a tactic to have one explode before the other, and the second one to explode after it so that we create chaos--

UCE: Right.

SUB: --and it is better that the bomb in the bank explodes...the bomb at the airport, to explode first, so that when we are on our way to the airport--

UCE: Uhem.

SUB: --the first bomb would have been--would have been exploded [UI]. We would be on our way to the airport.

UCE: Correct.

SUB: It will create chaos for them. And the airport--

UCE: [Sigh] How many of these bags do you have? Is this the bag that came with the computer?

SUB: I will bring this....

UCE: No, do not bring--do not bring, no--, let me, er--

SUB: At the bank, for instance, I can bring two bags, one inside the other, because if I go in the restroom and hid the first case in the air vent or *somewhere*--

UCE: Er, er, er, let me tell you, [UI] stop by the second place which is the *recruiting* [UI] that was a little far--

SUB: Yeah.

UCE: --er, and look at it and tell me [UI], but I see, that the place that we--that we went which is.... this is far and it is appearance is somehow not, er, are you with me? [OV]
It will not do--

SUB: It will not do anything--

[OV]

UCE: --no, er--

SUB: We want something, I mean, to shock the media in the first place--

UCE: By the will of Allah.

SUB: --and to frighten, I mean you will find everything...you will find *bars everywhere*, on the, er.... Because like you say [noise] [UI] there will be, there will be big losses.

UCE: That is it, I will tell you something...what time do I have now? It is twelve...one, do not cook anything because... I... it depends... [OV] --

SUB: [UI]

UCE: --anything may happen...wait till I call you, allow me, er--

SUB: Like you say, I have a *grill*, I brought it lately...it is inside the house, er, I will prepare the meat--

UCE: You have everything, in your place, you have everything.

[Laughs]

SUB: [Laughs] Yeah, it is true, I sold...I sold all the sports items--

UCE: You sold them?

SUB: I sold them all because, like you say, I started now to play regular sport, this is the reason...[UI] like you say, I brought a TV, and I brought a grill, and I brought a carpet.... I mean, like you say, I cleaned up everything, [UI]...it is, *it is a lot different*.

UCE: And do you pay monthly, or do you pay for the year,

SUB: No, monthly--

UCE: --er, you make a contract?

SUB: --I mean I [UI] every month.

UCE: Yeah, but do you have a contract or you have a?

SUB: I do not have a contract or anything, I go--

[OV]

UCE: It means that you can tell them, "I am leaving in three weeks."

SUB: I mean if--if I go to them today and tell them, "I am leaving tomorrow..." that is it. I will tell them, "I do not want the *deposit* also." I will leave everything behind.

UCE: No, I am telling to take the *deposit* also, because we cannot just walk away. But it is not a problem...and do you still owe 900 dollars for the, er, the, er--

SUB: [UI]

UCE: May Allah facilitate things, may Allah facilitate things--

SUB: --the installments--

UCE: Er, I will call you at four o'clock by Allah's will.

SUB: [UI]

UCE: I few things to see...but I know that [UI].

[OV]

SUB: [UI] *Yeah*, take your time.

UCE: --and, er, I, actually, want you now...forget it, do not get on, er...forget about, er, all that I told you about...I mean, for instance, one e-mail here and one there and that is it. Er, and start, er, start.... and pray, and may Allah grant us victory, by Allah's will.

SUB: I am telling you, before I--before I read the message on Wednesday, that you were coming on Wednesday, I mean, er, praise be to Allah. I went to sleep without doing my ablutions, or anything. Er, I saw--I saw a dream in the early morning hours.... I saw a dream on a Wednesday; I was on a building; I was ascending a building... there is a building like my house--

UCE: Uhem.

SUB: --this one is our house.... I have gone to the homeland and so forth, but this building, it seemed very high, high--high, I mean when I reached its top, like you say, on top of the building, I could not stand or look down because, as you would say, it was very high...I

could not even look around, it is like...I felt dizzy, I mean because of how high it is, very--

UCE: Yeah.

SUB: --very, very...I stayed there, standing like...like, like you say, like a dead man, like I am frightened--

UCE: You did not want to move--

[OV]

SUB: --[UI] I did not want to move, I did not want to look or [UI], I did not know what to do until you came and recited Qur'an on me, and I mean, like you say, you helped me get out of this building. I was looking towards...and I was looking at the sky, there was a moon, the moon was full, and the full moon like you say...I saw pictures of animals on the moon...Allah knows best its interpretation.

UCE: In the full moon?

SUB: In the full moon, I saw on the moon...I saw pictures...I do not remember, I remember that I saw pictures of animals but I do not remember what, er, else I saw. After that I descended to the house...I do not know where you went...you got me out...I got up on my feet and such and [UI].

UCE: [UI]?

SUB: I descended...yeah...to the house, I found my mother cooking food and she invited me. She asked me, "Huh, what wrong with you?" She, I mean, was inviting me to eat. Praise Allah, I do not know how to interpret it, but it was Wednesday, I mean, praise be to Allah.

UCE: Your mother is pleased with you. Your mother is pleased with you, she prays for you to have a place in heavens, [OV] Allah willing, heavens and its pleasures, wow!

SUB: [UI] Praise be to Allah. If you were not with me--

[OV]

UCE: A beautiful dream.... Let me, er, let me [UI] [sigh] no...Allah willing and by the permission of Allah, He will help you, Allah willing. I want you, er, starting next week, to have, er, starting next week to have a case, next week [UI], but keep it until we finish. I mean, normal, do not put--do not put, [OV]--

SUB: [UI]

UCE: -- but do not leave it at home. And, er, Allah willing I will call you at four o'clock, Allah willing--

SUB: Fine, okay.

UCE: Do not you need anything?

[OV]

SUB: No, [UI].

UCE: Do you need, er... do you have money for gas, so that you fill gas in the car?

SUB: No, everything is fine.

UCE: Huh?

SUB: Trust in Allah.

UCE: Just listen to me.

SUB: No, by Allah, it is alright.

UCE: Just put...just look...here--

SUB: [UI]

UCE: By Allah Almighty--

SUB: [UI]--

UCE: Just put--put, just look here it is--

SUB: [UI]--

UCE: By Allah Almighty?

SUB: No, I have put--I have put--

UCE: Put--put, never mind, just put for 20 dollars.

SUB: [UI]

UCE: Only to fill gas so that the man, so that when you go back at 10 o'clock--

SUB: No, I have put, believe me--

UCE: You do not have--

SUB: By Allah, believe me [UI].

UCE: Okay, just take it.

SUB: Trust in Allah.

UCE: Just listen to me.

SUB: If--if I am in need, I will tell you.

UCE: I know, we are...you are my brother.

SUB: Just trust in Allah, if I need I will tell you. Keep it--

UCE: Are you sure?

SUB: Yes. Trust in Allah.

UCE: Alright.

SUB: [UI]

UCE: May Allah keep you.... Allah willing, I will call you at, er, Allah willing after, er...let us say at [UI] four o'clock, and thank you for the gift--

SUB: [UI]

UCE: --a beautiful gift, may Allah keep you. We can kill someone with this

[Noise - clicking]

SUB: [Laughs] [UI]

UCE: [Laughs] Yes sir, oh yeah. Er...a beautiful dream my brother.

SUB: But the, er--

UCE: Do you know why I am happy?

SUB: [UI]

UCE: Because you saw your mother in the dream.

SUB: [UI] I have not seen her for a while, so I mean [UI]--

[OV]

UCE: She came to you in the dream, exactly. There no other god but Allah.

SUB: I saw my father at the same time--

UCE: Yeah.

SUB: Er, in another dream, at the same--at the same moment.

UCE: In the same dream?

SUB: In the same dream, but it was not a good dream.

UCE: Why? Was he upset or what?

SUB: He was upset...he was upset, that I, I mean er, I wasn't, er, I was not good in the dream.

UCE: Did you quarrel with him in the dream or what?

SUB: Er, [UI], *yeah, yeah*.

UCE: The, er. [OV]

SUB: [UI]

UCE: Be good to your father, do not quarrel with him on the phone and do not upset him at all. I mean your will your father, er, [noise] return--return soon, or not, or will he stay for a while over there?

SUB: *Who*, my father?

UCE: Yeah.

SUB: He will not return till next year, Allah willing.

UCE: Allah willing. That is it, okay, Allah willing, let me do--

[OV]

SUB: But I like to be able to go see them [UI].

UCE: --by Allah's will, by Allah's will.... Okay, I will give you a call in two to three hours...keep the telephone with you and, er, either we have dinner today or, it depends on what happens.... By the way, there are many things that will take place now, but I

like those, er, two locations; they are very good, er, better than the other location, may Allah facilitate it, by Allah's will. Okay, fine, my dear.

[Noise]

SUB: Okay then, peace be upon you.

UCE: And peace and Allah's mercy be upon you...and I will see you soon, by Allah's will.

SUB: [UI]

UCE: [UI] today, er, er...you will be at home, isn't it so?

SUB: Yeah. I will be at home.

UCE: [UI]

SUB: If you want to--

UCE: --and I will call you to get...yeah, to get the--the *address* from you...the address in order to put it in the, er--

SUB: Yeah, okay. Do you want me to write it now? [UI]

UCE: --because, yeah.... I have the number where you are staying.

SUB: You, if you--if you come, er, I will give you, er, er, the exit...when you get on, I will meet you over there--

[OV]

UCE: [UI]

SUB: [UI]

UCE: Do you remember the first time I came to you there, I remember that I saw all the, er, like a balloon, like balloons--

SUB: [Laughs]

UCE: --you told me, "I live here." I asked you, "Where do you live? This...is like a factory.

SUB: Like the [UI].

UCE: Yes, but by Allah, it is the best thing...I like it.

SUB: Very cold I mean [UI]--

UCE: I like it.

SUB: If you see the new one that I got, it is better.

UCE: In the same, er--

[Noise]

SUB: In the same, er, place but another one.

UCE: Is it the same, er, I mean is the size the same or...?

[Noise]

SUB: [UI] larger size.

[Noise]

UCE: Would you like to take a cup of tea for the way back?

SUB: May Allah keep you, I, er--

UCE: Are you sure you do not need gas or anything in the car? I do not want you to.... If I come to you in the afternoon today, I will call you and you see [UI] when I turn left, to the location.

SUB: I am writing it for you so that you won't have trouble or anything. This address will take you to, I mean, *exit* at the shop, there is a *Shell gas station* when you exit, do you remember it? I will meet you there... on *Exit 386* on *35*, er, *South*.

UCE: It is a matter of half an hour from here, is it not so?

SUB: It is around half an hour, I mean if you get on *35 South* and continue--continue straight ahead until you see *386*, *Exit 386* to [UI].

UCE: Okay, by Allah's will [UI] today, by Allah's will. Okay, my dear--

SUB: Peace be upon you.

UCE: --may Allah keep you. Your appearance is good--

SUB: [Laughs] [UI]

[OV]

UCE: --but do not make *shave* now, do not--do not cut your hair now--

SUB: [Laughs] I do not shave, I shaved twice in my lifetime--

UCE: Is it the time when I saw you?

SUB: The time when you saw me, and once--
