

DALLAS COUNTY COMMISSIONER  
John Wiley Price  
District 3

January 9, 2003

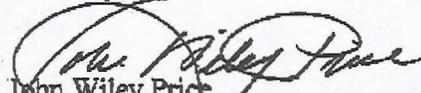

To Whom It May Concern:

Dallas County recently concluded a very lengthy, complicated, and competitive proposal process to select an IT Services Facilities Management Vendor. During this process we received numerous proposals from top tier IT Services Outsourcing and Facilities management firms, such as EDS, Affiliated Computer Systems, Science Application International Corporation and SchlumbergerSema, Inc. Throughout this process, I found SchlumbergerSema, Inc. to be the most responsive, forthright and credible in their approach. SchlumbergerSema, Inc. was selected as the firm that could provide Dallas County the best value and assumed its new responsibilities on November 1, 2002. They have proven to be a great partner and have aggressively met the many challenges that will face any organization during the transition period of this type of contract.

I have found their staff and the staff of their subcontractors to be of the highest caliber and they present an attitude of service first. I am looking forward to the remaining months and years of our relationship with SchlumbergerSema, Inc. and I have full confidence that it will be a very successful experience.

Should you required any additional information, please contact me.

Sincerely,

John Wiley Price  
Commissioner, District 3
